The Status History is used to track the report history. Open the report for which you would like to view the Status History, using the steps for Accessing the Annual Progress Report.

Scroll to the bottom of the Annual Progress Report and click View Status History.
The Status History shows the progression of the student’s Annual Progress Report through the various stages. The APR is completed in sequential steps starting with the student. Under the “Assigned to” heading, it will show the name of the individual responsible for completing that step. The “Assigned on” heading shows when the Annual Progress Report moved to that new status, which is also when the previous step was completed. The APR action heading lists the action that the individual took to move the report to the next status (Submit, Return to Student, reassign, etc). The “Reason” heading shows the reason why an action was performed, for example why a report was returned to an individual.
