The University of Calgary would like to acknowledge the traditional territories of the people of the Treaty 7 region in Southern Alberta, which includes the Blackfoot Confederacy (comprising the Siksika, Piikani, and Kainai First Nations), as well as the Tsuut’ina First Nation and the Stoney Nakoda (including the Chiniki, Bearspaw, and Wesley First Nations). The City of Calgary is also home to the Métis Nation of Alberta, Region III. The University of Calgary is situated on land adjacent to where the Bow River meets the Elbow River, and the traditional Blackfoot name of this place is “Moh’kins’tsis,” which we now call the City of Calgary.

a bold choice

five reasons to choose UCalgary

1. **Excellence in academics**
Choose from a range of high-quality programs at one of the top 200 universities in the world. A community committed to excellence, UCalgary has 16 alumni who became Rhodes Scholars and is the #1 sport science school in North America.

2. **Research opportunities**
Join a leading Canadian research university. With $419 million in sponsored research funding last year, UCalgary provides many students the opportunity to gain valuable research experience while helping to address some of society’s greatest challenges.

3. **A caring community**
Access a wide variety of services including academic support through the Student Success Centre, mental health and wellness professionals through Student Wellness Services, and employment preparation through Career Services.

4. **Earn while you learn**
Take advantage of various employment options throughout your degree. UCalgary offers exciting paid co-operative education and internship opportunities with companies such as BMW and ConocoPhillips.

5. **Adventurous lifestyle**
Explore world-famous destinations like Banff and Lake Louise. With the Rocky Mountains only an hour away, it’s no wonder Calgary is the fourth most livable city in the world.

Innovation is at the heart of Calgary

Home to 1.4 million people, Calgary is not only Canada’s youngest city — but also its innovation capital. It led the country with the most registered patents per capita in 2018. Attending UCalgary means making your home in a place where technology meets entrepreneurial thinking, new ideas evolve, and dreams are pursued.

Learn more about Calgary at visitcalgary.com.

New adventures await

Find big city energy around every corner — in a community famous for small-town hospitality. There is always something new to experience, such as the Calgary Stampede, the National Music Centre, WinSport’s Canada Olympic Park, the Central Library, or a professional hockey, football, lacrosse or soccer game. Need a break from the city? Some of the world’s best hiking, biking and skiing is only an hour away in the iconic Rocky Mountains.
your university
A place of exploration and growth
Live and study in a park-like setting — a hub of social, cultural and academic life with strong campus traditions over 50 years in the making. Attend a Dinos sporting event, a performance at University Theatre or a presentation by an engaging professor. Day or night, there’s always something new to discover. With transit connecting the university to the rest of Calgary, it’s easy to explore the city too.

Campus highlights

The Arch
Reminiscent of the chinook arch, a weather event common to Southern Alberta that drives in warm air from the mountains, this repurposed bridge span stands at the entrance to campus. While other Canadian cities shiver during the long winter, Calgary can feel quite warm during a chinook.

The Hunter Hub for Entrepreneurial Thinking
A space to share knowledge and turn ideas into practical solutions, the Hunter Hub is dedicated to helping students develop entrepreneurial ways of thinking. It hosts the Energy New Venture Competition each year, which introduces start-ups to investors and industry leaders.

Lab Next Makerspace
This makerspace features freely available technology to develop and design your own projects. Located in the Taylor Family Digital Library, you can print and scan in 3D, use milling machines or editing suites, try out a virtual reality simulator and more.

The Rocks
Unearthed during the construction of campus buildings, these large painted rocks have become an important part of UCalgary culture. They are used by students for artistic expression and to advertise events.

The Olympic Oval
Watch an international speed skating competition or take skating lessons on the world’s fastest ice in this facility built for the Winter Olympic Games.

The Atrium
Featuring modern furniture, natural light and luscious vegetation, the Atrium is a favourite study space for students.

See more of our campus via 360-degree photos at ucalgary.ca/future-students/undergraduate/tours-events.
life as a student

Moments that will define you

You’ll feel campus buzzing with energy throughout your time here — during Orientation, your Induction Ceremony, the UCalgaryStrong Festival and your Convocation.

Exciting dance, drama and music events are held on campus throughout the year, and many are free for students. Attend the boisterous Crowchild Classic with 15,000 of your fellow classmates to cheer on the Dinos hockey teams. Participate in a service learning program that helps a local community. No matter how you choose to get involved, count on making new friends and living new experiences.

With numerous clubs on campus, chances are good you’ll find one that interests you. Speakmasters, Bike Root, Outdoor Adventurers, The Literacy Society and the Swing Dance Club are just a few of the many options available to you.

Meet students from around the world through programs like International Student Services’ USpeak Global program and the Faith and Spirituality Centre’s Kaleidoscope Project.

Enjoy sports leagues, fitness classes, and access to our world-class Active Living recreational facilities. The Outdoor Centre, the largest of its kind in North America, can set you up to enjoy the great outdoors.

Our programs and services are designed to help you get the most out of your university experience. Examples include:

- **Career Services**: The expert staff at Career Services will help you prepare for a career you’ll love. Talk to a career specialist, get expert advice to improve your resume, and attend career fairs to meet potential employers. [ucalgary.ca/careers](http://ucalgary.ca/careers)

- **Student Accessibility Services**: Dedicated to creating an equitable and supportive learning environment, Student Accessibility Services has access advisors who can help you transition accommodations from high school to university. [ucalgary.ca/access](http://ucalgary.ca/access)

- **Leadership and Student Engagement**: Benefit from programs that develop your leadership skills, such as the Emerging Leaders Program, which pairs you with a mentor and teaches you to harness your unique strengths. [ucalgary.ca/leadership](http://ucalgary.ca/leadership)

- **Student Success Centre**: Advising, learning support and writing support staff can assist you in achieving your academic goals. You can also take advantage of the My First Six Weeks program to be fully prepared for your first semester. [ucalgary.ca/ssc](http://ucalgary.ca/ssc)

- **Student Wellness Services**: Access counselling, medical appointments, chiropractic and massage, and a registered dietitian. You can also take part in wellness workshops and group programs. [ucalgary.ca/wellness-services](http://ucalgary.ca/wellness-services)

- **Writing Symbols Lodge**: In this welcoming home away from home on campus, Indigenous students can access a computer lab, study space and a range of cultural programming including monthly ceremonies, social activities and advising. [ucalgary.ca/writing-symbols](http://ucalgary.ca/writing-symbols)

343 student clubs to join
50 intramural sports teams
150 countries represented on campus

50 intramural sports teams

150 countries represented on campus

Enjoy sports leagues, fitness classes, and access to our world-class Active Living recreational facilities. The Outdoor Centre, the largest of its kind in North America, can set you up to enjoy the great outdoors.
Living on campus

Living in residence will ensure you’re instantly connected to our campus community. It’s a wonderful way to take advantage of all the university has to offer.

In residence, you’ll find a welcoming and supportive environment that makes it easy to meet other students and get involved on campus. You’ll also get more sleep being so close to your classes!

Meal plans
The Dining Centre offers an All You Care To Eat program where you can choose the plan that works for you. Eat whatever you like, whenever you like and as much as you need throughout the academic year.

Learn more about living in residence at ucalgary.ca/residence.

Reserving your room
Applications for single student housing open on Dec. 10, 2019. If you’re a high school applicant, you’re guaranteed residence for the first two years of study if you apply by May 1, 2020.

Learn more about living in residence at ucalgary.ca/residence.

Living in residence helps make your transition to university seamless. From first-year traditional-style residence rooms, to full apartments in upper years or graduate school, to housing for families, there are options available for all students. Residence is a short walk away from everything you need and includes:

- 24/7 security
- Access to an on-staff dietitian
- Halal, vegetarian and gluten-free menu options
- Study spaces in each residence building
- Free writing support through the Academics in Residence program

“STANDARD FIRST-YEAR ROOM
Fully furnished with utilities and internet included

“This is the most comfortable place to live. You know you’re going to be safe here and everyone is so welcoming.”
ROBERT MCCURDY, FIRST-YEAR STUDENT

“You’re spending time with people who care about you and want you to succeed. Residence is awesome, and I just want everyone to experience it.”
ALEX HAY, COMMUNITY ADVISOR

“There’s always resources to help people out and build connections. If you’re struggling academically, there are resources for those things too.”
BRENDAN BIRCE, COMMUNITY ADVISOR

“I love residence. It’s a community. It feels like family.”
REECE VANDERSANDEN, PRESIDENT, RESIDENCE STUDENTS’ ASSOCIATION

STANDARD FIRST-YEAR ROOM
Fully furnished with utilities and internet included

Welcome Home

15
academic life

Pushing boundaries and expanding horizons

At UCalgary, you’ll find a rich learning environment. As one of Canada’s leading research universities, you can follow your passion and engage in meaningful research experiences with expert researchers and educators. Quality classroom experiences, state-of-the-art teaching facilities, and modern study spaces define academic life at UCalgary.

Create new knowledge

Whether it’s conducted in class or in the field, research can be an important part of your academic journey. The Program for Undergraduate Research Experience (PURE) and the Markin Undergraduate Student Research Program in Health and Wellness are two examples of programs dedicated to giving undergraduate students research experience. You’ll work alongside researchers to learn how projects are developed and how research can contribute to solving our world’s greatest challenges.

Learn about undergraduate research

Courses you’ll love

Teaching innovation that benefits you

At UCalgary, we’re transforming learning while taking on some of the world’s most complex and pressing problems. UNIV 201: Global Challenges Inquiry is one of the most innovative courses you can take. Through student-led learning, you’ll collaboratively explore challenges such as how to sustain local and global water resources. Develop your problem-solving skills and gain a greater understanding of research methods in this immersive classroom experience.

Learn more at taylorinstitute.ucalgary.ca/cdci/global-challenges.

Learning has never been so fun

Experiential learning opportunities abound at UCalgary

Your first step toward becoming a leader is to attend Camp Lead. You’ll enjoy a fun and interactive weekend away with 40 other students while exploring your personal leadership style and enjoying outdoor adventures. Take your learning even further by participating in experiential learning programs in Toronto, Costa Rica and the Yukon. These opportunities will connect your learning to the greater community and expose you to a diverse group of people outside of your everyday life.

Learn more about leadership opportunities at ucalgary.ca/leadership.

READY, SET, GO!

The race is on to build the fastest electric motorcycle. Members of Team Zeus, a student group with a dedicated workshop in the Schulich School of Engineering, fine-tune their bike in preparation to compete at the eMotoRacing competition in Utah.

THE BUZZ BEHIND BEES’ WINGS

Fourth-year ecology student, Maddison Canuel, spent her summer studying bumblebees in a local park through a PURE award. Specifically, she looked at the wing wear they experience due to the distance they fly searching for food.

SOCIAL MEDIA FOR CHANGE

Through research, students in a community health nursing course helped draw attention to human trafficking and sexual exploitation in Calgary. The students partnered with local non-profit CHILL to create a social media campaign and e-learning tool for health-care providers.

Learn more at ucalgary.ca/research.
Nicole Belanger is a mechanical engineering student. She worked for GE Power in the Gas Turbine Blading Services Department in Switzerland.

“Living in a different part of the world offered me a broader perspective. It also provided time to think about my future career goals and to try things I had put off since starting engineering. I climbed mountains, ran my first half marathon and travelled to 25 different countries while gaining valuable work experience.”

Lianelle Barraza is completing a combined major in international relations and psychology.

“I had the opportunity to be a human rights intern for the permanent mission of Canada to the United Nations, a co-op position in Geneva, Switzerland! I went to meetings about human rights, made summaries and sent these to Ottawa for policymakers to review. I conducted research and participated in a variety of Canadian-led events including the 34th session of the Human Rights Council.”
Part of your application process is to select a major, which is your main focus of study. You can further customize your education by choosing a minor in an upper year. You can also enhance your educational experience by integrating a certificate into your degree at no extra cost. UCalgary offers embedded certificates in creative writing, mental wellbeing and resilience, and sustainability studies. Learn more at ucalgary.ca/pubs/calendar/current/embedded-certificates.

UCalgary also offers combined degree programs such as the five-year commerce and engineering program. Learn more at ucalgary.ca/pubs/calendar/current/combined-degrees.

Each degree program has specific admission requirements. High school applicants need to present five program-specific subjects at the Grade 12 or senior level. Admission considerations for all degree programs are competitive. For detailed information on program requirements, visit ucalgary.ca/future-students/undergraduate/requirements.

### Approved Alberta High School Courses

- English Language Arts 30-1
- Biology 30
- Chemistry 30
- Mathematics 30-1, Mathematics 30-2, Mathematics 31
- Physics 30
- Science 30
- Social Studies 30-1
- Aboriginal Studies 30
- Fine Arts course (Art 30 or 31, Choral Music, General Music 30, Instrumental Music 30, Drama 30, Dance 35)
- CTS Computer Science Advanced (6 credits)
- Language or Language and Culture Course at the 30 level
- Physical Education 30

**Approved Options**

- Other 5-credit 30-level courses excluding Social Sciences 30 and English 30-2
- 5-credit courses; two 3-credit 30-level courses can be combined to fulfill one requirement
- 9-credit courses; the advanced credit in Computer and Technology Studies (CTS) can be used to fulfill one requirement

**Notes:**

- Locally-developed courses may be considered for admission, but applicants are encouraged to contact admissions@ucalgary.ca for specific course credit.
- Two courses in the same subject area may not be presented to satisfy entrance requirements unless the courses are Mathematics 30-1, Mathematics 30-2 or Mathematics 31.

### Footnotes

1. The early admission average will be calculated on grades from 20-level courses (Grade 11). If grades for 30-level courses (Grade 12) are available, they will be used to calculate your admission average.

2. A grade of at least 70% in Mathematics 30-1 is required for admission.

3. Additional courses may be required as prerequisites for course registration.

## Admission Requirements

### Faculty of Nursing
- High 8s

- Chemistry 30
- Mathematics 30-1, Mathematics 30-2, Mathematics 31, Science 30
- Science 30
- Social Studies 30
- Aboriginal Studies 30
- Fine Arts course (Art 20 or Art 30, Music 30, Drama 20, Dance 30)
- CTS Computer Science Advanced (5 credits)
- Language or Language and Culture Course at the 30 level
- Physical Education 30

### Approved Options
- Other 5-credit 30-level courses excluding Special Projects 30 and English 30
- 5-credit courses: have 2-credit 30-level courses can be combined to fulfill one requirement
- 1-credit courses: five advanced credits in Career and Technology Studies (CTS) can be used to fulfill one requirement

### Notes:
- Locally-developed courses may be considered for admission, but applicants are encouraged to contact admissions@ucalgary.ca for specific course credit.
- Two courses in the same subject area may not be presented to satisfy entrance requirements unless the courses are Mathematics 30-1 and Mathematics 30-2.

### Footnotes
1. The early admission average will be calculated on grades from 20-level courses (Grade 10). If grades for 30-level courses (Grade 12) are available, they will be used to calculate your admission average.
2. A grade of at least 70% in Mathematics 30-1 is required for admission.
3. An additional course may be required as a prerequisite for other courses.
5. Program is also available as a concurrent (combined) degree.
A maximum of two Fine Arts courses may be used for admission to Dance, Drama, Music and Visual Studies. A maximum of one Fine Arts course may be used to satisfy admission requirements.

Only one senior-level course of the same language may be used to satisfy admission requirements.

Mathematics 31.

If your courses are from a Canadian high school, the chart below will help you determine equivalent required courses in your home province or territory.

Note: Locally-developed courses may be considered for admission, but applicants are encouraged to contact admissions@ucalgary.ca for specific course credit.
Visit our academic calendar at ucalgary.ca/pubs/calendar/current/a-9-3.

Diverse qualifications admission process

If you’ve achieved excellence outside of your academics or have overcome significant hardships, you may seek admission under the diverse qualifications process. To be considered for admission under this process, you must be a Canadian citizen or permanent resident and have completed 12 or more units (four courses) of post-secondary coursework. Adult students are not required to meet all high school applicant requirements. However, you must present satisfactory standing in English Language Arts 30-1 or an acceptable equivalent, meet the admittance average of your program, and meet any other Grade 12 subject requirements specified by your program of choice.

Visit our academic calendar at ucalgary.ca/pubs/calendar/current/a-9-3.

Indigenous students

If you’ve self-identified as Indigenous on your application form, you’ll automatically receive consideration first under the regular competitive admission process and then under the Indigenous admissions process, if needed. If you’re granted admission under the Indigenous process, you’ll be asked to submit documentation to verify your Indigenous ancestry before registering for classes.

Indigenous students who are missing requirements for their desired program, or would like additional support with transitioning to university, may be able to join the Indigenous Student Access Program (ISAP). Designed to help you prepare to enter a faculty-based program, ISAP consists of university classes, advising, cultural support, peer support and tutorials. This full-time program qualifies for student loans and other sources of funding.

Learn more at ucalgary.ca/Future-students/undergraduate/Indigenous.

English language requirements

There are three ways to meet our English language entrance requirements: high school studies, English language test scores, and the Academic Communications Certificate (ACC).

High school studies

To meet the English language requirements with your high school studies, you must have completed three years of study with English as the primary language of instruction at an accredited high school.

English language test scores

If your high school education does not fulfill UCalgary’s English language requirements, you can present one of the minimum scores listed in the table below.

Note: Our school code for the TOEFL exam is 0813, and the department code is 00.

Academic Communication Certificate (ACC)

The ACC is for English learners who want to enter a university program. If you apply for undergraduate admission and complete the ACC through UCalgary Continuing Education by the end of summer term in the year of application, you could be considered for conditional admission to a degree program.

Learn more at ucalgary.ca/esl/acc.

Adult students

You can be considered for admission as an adult student if you meet all three of the following criteria:

• You’re 21 years of age or older
• You’re a Canadian citizen or permanent resident
• You’ve completed fewer than 12 units (four courses) of post-secondary coursework.

Adult students are not required to meet all high school applicant requirements. However, you must present satisfactory standing in English Language Arts 30-1 or an acceptable equivalent, meet the admittance average of your program, and meet any other Grade 12 subject requirements specified by your program of choice.

Visit our academic calendar at ucalgary.ca/pubs/calendar/current/a-9.

Dual credit students

Dual credit students applying for admission to a degree program will be considered high school applicants if they haven’t completed more than 30 units (10 courses) at a post-secondary institution. They will be considered transfer students if they have completed more than 30 units (10 courses).

Dual credit students

Dual credit students applying for admission to a degree program will be considered high school applicants if they haven’t completed more than 30 units (10 courses) at a post-secondary institution. They will be considered transfer students if they have completed more than 30 units (10 courses).

Transfer students

If you’ve attended an accredited/recognized post-secondary institution and have completed 12 or more units, you’ll be considered for admission based on your post-secondary academic standing. Some programs may require you to complete, or be in the process of completing, specific course requirements at the high school and/or post-secondary level.

Visit our academic calendar at ucalgary.ca/pubs/calendar/current/a-9-3.

Diverse qualifications admission process

If you’ve achieved excellence outside of your academics or have overcome significant hardships, you may seek admission under the diverse qualifications process. To be considered for admission under this process, you must be a Canadian citizen or permanent resident and demonstrate:

• excellence in non-academic areas; or
• high potential in academic or research activities; or
• perseverance under great difficulty or hardship.

Admissions under diverse qualifications is only available for your first-choice program and isn’t available for Bachelor of Health Science or science honours programs.

Visit our academic calendar at ucalgary.ca/pubs/calendar/current/a-9.

Additional admission information

Indigenous students

If you’ve self-identified as Indigenous on your application form, you’ll automatically receive consideration first under the regular competitive admission process and then under the Indigenous admissions process, if needed. If you’re granted admission under the Indigenous process, you’ll be asked to submit documentation to verify your Indigenous ancestry before registering for classes.

Indigenous students who are missing requirements for their desired program, or would like additional support with transitioning to university, may be able to join the Indigenous Student Access Program (ISAP). Designed to help you prepare to enter a faculty-based program, ISAP consists of university classes, advising, cultural support, peer support and tutorials. This full-time program qualifies for student loans and other sources of funding.

**Total annual cost after funding** | $7,235

For detailed information on applying for our high school scholarships, bursaries and awards, visit ucalgary.ca/awards.

Student loans
Government student loans and grants are available to Canadian citizens and permanent residents. Apply through your home province of residence or visit canlead.ca for details.

Albertans can apply online at studentaid.alberta.ca. If you’re a student from the United States, visit ucalgary.ca/registrar/finances/student-loans/us for funding options.

Scholarships, bursaries and awards for entering students
By applying for admission, you’re automatically considered for a number of entrance awards.

You should then complete the competitive high school awards application in your Student Centre (my.ucalgary.ca) to be considered for all other awards.

For detailed information on applying for our high school scholarships, bursaries and awards, visit ucalgary.ca/awards.

Approximate costs for one academic year (September to April)

* Tuition costs are approximate and based on a course load of 10 classes (30 credits) over eight months (two terms). Fees are based on the 2019 - 2020 academic year and are subject to change.

dates and deadlines

2019

October 1
Fall 2020 undergraduate application opens
Fall 2020 competitive undergraduate awards application opens

December 1
Prestige awards deadline

December 10
Application for residence opens (you can apply for residence as soon as you apply for admission)

December 15
Prestige awards document deadline

2020

February 1
Transfer applicant document deadline for early admission

March 1
Fall 2020 admission application deadline
Fall 2020 undergraduate awards application deadline
Deadline to make changes to your program choices on your admission application

March 15
Deadline for high school and transfer applicants to submit unofficial transcript and supporting documents

June 1
Deadline for transfer applicants to submit final official documents

August 1
Deadline for high school applicants to submit final official transcripts (find specific details in your Student Centre at my.ucalgary.ca)

applicant checklist

You should apply as early as possible to be considered for both admissions and awards.

1. Select your program(s) and check admission requirements
   - Review our programs and identify your top two choices. Check the admission requirements for both programs. If you receive an offer to your first choice, this is the only offer you will receive.
   - We recommend you rank your program choices with your most desired program as your first choice.
   Visit ucalgary.ca/future-students/undergraduate/explore-programs.

2. Submit your application and pay your fee
   - Submit your online application between October 1, 2019 and March 1, 2020 and pay the $125 fee ($145 for students with international credentials). Applicants can change their program choices until March 1, 2020.
   Visit ucalgary.ca/future-students/undergraduate/apply.

3. Apply for scholarships and awards
   - As soon as you apply for admission, you can apply for our undergraduate awards. To be considered for all major awards (including prestige awards), submit your awards application by December 1, 2019 and all required admission documents by December 15, 2019.
   Visit ucalgary.ca/awards.

4. Submit initial documents
   - All students (except Alberta students*) will need to upload their transcripts through their Student Centre (my.ucalgary.ca).
   Log in and upload your initial transcripts and other required documents by March 15, 2020. Submit these documents as soon as possible. Applications are considered based on the highest level of education completed at the time of review.
   Visit ucalgary.ca/future-students/undergraduate/documents.

5. Apply for residence
   - High school applicants who apply for residence by May 1, 2020 are guaranteed a home on campus for two years. You can apply for residence before you receive an offer of admission.
   Visit ucalgary.ca/residence.

6. Review your status
   - Log in to your Student Centre (my.ucalgary.ca) to find details on your application status, required documents, and deadlines specific to your application.

*UCalgary automatically receives high school and post-secondary transcripts from Alberta institutions participating in APAS.
connect with us

Visit campus
The best way to get to know your future campus is by experiencing it on a campus tour. Guided by one of our current students, you’ll explore our classrooms, student services, athletic facilities and more. All campus tours conclude with the option to speak with an advisor to explore programs and admission requirements. You can also attend campus events such as Open House, Indigenous U, application workshops, faculty sessions and awards information sessions.

To book a tour, or view upcoming recruitment events and program-specific sessions, visit ucalgary.ca/future-students/undergraduate/tours-events.

Connect with a recruiter
Have questions? Communicate directly with the recruiter responsible for your city or region.

To learn about the recruiter for your area, visit ucalgary.ca/future-students/undergraduate/recruiters.

Take a virtual campus tour
See what campus and the surrounding area is like with our 360-degree video and photo tours. Explore our classrooms, student services, athletic facilities and more.

Take a video tour at ucalgary.ca/future-students/undergraduate/tours-events.

Join our mailing list
To learn more about our campus community, join our mailing list. You’ll be able to request more information, find out when we’ll be visiting a town or city near you and get important details and reminders.
