Bold choice
Bright future

United States Viewbook 2019-20

Calgary, Alberta, Canada
a bold choice

five reasons to choose UCalgary

1. **Excellence in academics**
   Choose from a range of high-quality programs at one of the top 200 universities in the world. A community committed to excellence, we have 16 alumni who became Rhodes Scholars, and our Faculty of Kinesiology is the #1 sport science school in North America.

2. **Research opportunities**
   Join a leading Canadian research university. With $419 million in sponsored research funding last year, UCalgary provides many students the opportunity to gain valuable research experience while helping overcome some of society’s greatest challenges.

3. **A caring community**
   Access a wide variety of support services including academic support through the Student Success Centre, mental health and wellness professionals through Student Wellness Services, and help preparing for employment after graduation through Career Services.

4. **Earn while you learn**
   Take advantage of various employment options throughout your degree. We offer exciting paid co-operative education and internship opportunities with companies such as BMW and ConocoPhillips.

5. **Adventurous lifestyle**
   Explore world-famous landscapes like Banff and Lake Louise. With the Rocky Mountains only an hour away, this is the perfect city for anyone who loves adventure.

your city

Innovation is at the heart of Calgary

Home to 1.4 million people, Calgary is not only Canada’s youngest city — but also its innovation capital. It led the country with the most registered patents per capita in 2018. Attending UCalgary means making your home in a place where technology meets entrepreneurial thinking, new ideas evolve, and dreams are pursued.

Learn more about Calgary at visitcalgary.com.
International Student Services
International Student Services provides customized immigration advising prior to your arrival and, once you get here, programs to help you succeed academically, make friends, and feel at home while at UCalgary. Visit ucalgary.ca/iss.

MacEwan Student Centre
The lively MacEwan Student Centre is a hub for social activity and home to many services, including a medical centre and 20+ food outlets.

Taylor Family Digital Library
The state-of-the-art Taylor Family Digital Library, one of North America’s most technology- and information-rich facilities, provides many excellent study and collaboration spaces for students.

The Olympic Oval
The Oval was built for the Winter Olympic Games. You can watch an international speed skating competition or take skating lessons on the world’s fastest ice.

Light rail transit and buses connect the university to the rest of Calgary, so you can easily explore the city. Get unlimited use of public transit with your student UPass.

your university
Live and study in a park-like setting — a hub of social, cultural and academic life that boasts strong campus traditions over 50 years in the making. You’ll find there’s always something fun to explore, day or night.

See more of our campus via 360-degree photos at ucalgary.ca/future-students/undergraduate/tours-events.
life as a student

Moments that will define you

You’ll feel campus buzzing with energy throughout your time here — during Orientation, your Induction Ceremony, the UCalgaryStrong Festival and your Convocation.

Exciting dance, drama and music events are held on campus throughout the year, and many are free for students. Attend the boisterous Crowchild Classic with 15,000 of your fellow classmates to cheer on the Dinos hockey teams. Participate in a service learning program that helps a local community. No matter how you choose to get involved, count on making new friends and living new experiences.

With numerous clubs on campus, chances are good you’ll find one that interests you. Speakmasters, Bike Root, Outdoor Adventurers, The Literacy Society and the Swing Dance Club are just a few of the many options available to you.

Enjoy sports leagues, fitness classes, and access to our world-class Active Living recreational facilities. The Outdoor Centre, the largest of its kind in North America, can set you up to enjoy the great outdoors.

Meet students from around the world through programs like International Student Services’ USpeak Global program and the Faith and Spirituality Centre’s Kaleidoscope Project.

With numerous clubs on campus, chances are good you’ll find one that interests you. Speakmasters, Bike Root, Outdoor Adventurers, The Literacy Society and the Swing Dance Club are just a few of the many options available to you.

We are all Dinos

The UCalgary Dinos men’s and women’s varsity teams compete at the highest level of Canadian university competition (USports). With 46 national championships and 14 Olympic and Paralympic medals, our Dinos athletes are widely feared and respected.

All UCalgary students can be a part of the Dinos family by attending games for free. So grab your face paint, put on something red, and get ready to cheer on your Dinos!

Varsity sports at UCalgary:

- Basketball
- Cross-country/Track and field
- Field hockey (women’s)
- Football (men’s)
- Golf
- Hockey
- Rugby (women’s)
- Soccer
- Swimming
- Volleyball
- Wrestling

Learn more about the Dinos at godinos.com.
areas of study

Part of your initial application process is to select a major, which is your main focus of study. You can further customize your degree by choosing a minor in your upper year. Another way to customize your education is to integrate a certificate into your degree at no extra cost. Learn more at ucalgary.ca/pubs/calendar/current/combined-degrees.

UCalgary also offers some combined degree options that allow you to earn two degrees in five years. Learn more at ucalgary.ca/pubs/calendar/current/combined-degrees.

**SCHULICH SCHOOL OF ENGINEERING**

**Bachelor of Science in Engineering**
- Chemical Engineering 2
- Civil Engineering 1
- Electrical Engineering 1
- Mechanical Engineering 2
- Oil and Gas Engineering 2
- Software Engineering 1
- Geomatics Engineering 2

Note: Engineering students apply to a discipline after a common first year.

**PROGRAMS REQUIRING PREVIOUS POST-SECONDARY STUDY**

- Education (after-degree)
- Graduate Studies
- Law
- Medicine
  (Canadian students only)
- School of Architecture, Planning and Landscape
- School of Public Policy
- Social Work 6
- Veterinary Medicine
  (Canadian students with Alberta residency only)

**FOOTNOTES**

1 Honours program offered

2 Co-operative education and/or internship option available

3 Must meet entrance requirements for concurrent (combined) degree program

4 Online option available
admission requirements

General requirements
For all programs, students studying in America are required to present an SAT with a minimum combined evidence-based reading and writing plus mathematics (ERW+M) score of 1190 (a super score SAT will be used) or ACT composite score of 24.

Program-specific requirements
Each degree program has specific admission requirements. The competitive admission average (GPA) is based on five high school subjects depending on your direct admission major. Students need four years of English.

The following courses are equivalent to Canadian senior level subjects:
- Honours, AP and IB courses
- SAT subject tests
- Junior and Senior (all courses)
- AP exams

Admission considerations for all degree programs are competitive. An early admission average will be calculated on junior year achievement (if grades for senior level courses aren't yet available). If senior level courses are available, they'll be used to calculate the average.

For detailed information on program requirements, visit ucalgary.ca/future-students/undergraduate/requirements.

2 Students are encouraged to take high school courses related to their intended major.  
3 For Biomechanics and Exercise and Health Physiology, a minimum GPA of 2.0 (or a grade of 70%) in Pre-Calculus is required.  
4 Calculus is required for Biomechanics.  
5 Admission offers via the Biology-based admission route are conditional on successful completion of the Schulich School of Engineering Summer Bioengineering Institute prior to the start of the engineering program.  
6 If Calculus was not attempted, the final admission average will be a minimum of 5% higher. Calculus will be replaced with another approved course. |

### Dual Enrolment

Dual Enrolment (dual credit) students applying for admission to a degree program will be considered high school applicants if they haven’t completed more than 30 units (10 courses) at a post-secondary institution. Students who complete more than 30 units (10 courses) will be considered transfer applicants.

### AP students

Students automatically receive advanced credit or advanced placement in approved courses where they present grades of four or higher. In the case of advanced credit, a grade of “CR” will be recorded on the student’s record. Official AP transcripts are required as part of the evaluation process.

Visit our academic calendar at [ucalgary.ca/pubs/calendar/current/a-12-2](http://ucalgary.ca/pubs/calendar/current/a-12-2).

### Transfer applicants

Students who have attended an accredited/recognized post-secondary institution and have completed 12 or more units will be considered for admission based on their post-secondary academic standing. Some programs may require students to complete, or be in the process of completing, specific course requirements at the high school and/or post-secondary level.

Visit our academic calendar at [ucalgary.ca/pubs/calendar/current/a-5-3](http://ucalgary.ca/pubs/calendar/current/a-5-3).
applicants checklist

Students should apply and submit documents as early as possible to be considered for both admissions and awards.

1. Select your program(s) and check admission requirements
   - Review our programs and identify your top two choices. Check the admission requirements for both programs. If you receive an offer to your first choice, this is the only offer you'll receive. We recommend you rank your program choices with your most desired program as your first choice.
   - Visit ucalgary.ca/future-students/undergraduate/explore-programs.

2. Submit your application and pay your fee
   - Submit your online application between October 1, 2019 and March 1, 2020 and pay the $145 application fee. You can change your program choices until March 1.
   - Visit ucalgary.ca/future-students/undergraduate/apply.

3. Apply for scholarships and awards
   - As soon as you apply for admission, you can apply for our undergraduate awards. To be considered for prestige awards, submit your award application by December 1 and all required admission documents by December 15.
   - Visit ucalgary.ca/awards.

4. Submit initial documents
   - Upload your unofficial transcripts and other required documents to your Student Centre (my.ucalgary.ca) by March 15. We recommend submitting these documents as soon as possible. Applications are considered based on the highest level of education completed at the time of review. Official transcripts are required to finalize your offer.
   - Visit ucalgary.ca/future-students/undergraduate/documents.

5. Apply for on-campus housing
   - High school applicants who apply for on-campus housing (residence) by May 1 are guaranteed a home on campus for two years. You can apply for residence before you receive an offer of admission.
   - Visit ucalgary.ca/residence.

6. Review your status
   - Log in to your Student Centre (my.ucalgary.ca) to find details on your application status, required documents and deadlines specific to your application.
   - Visit ucalgary.ca/future-students/undergraduate/admitted.

★ As soon as you receive your offer of admission, you can apply for a study permit. Our International Student Services team can provide support.
Learn more at ucalgary.ca/iss/immigration/study-permits.

$17 MILLION+ IN SCHOLARSHIPS, BURSARIES AND AWARDS AVAILABLE ANNUALLY

US loans
UCalgary is a Title IV eligible foreign institution and facilitates student loan funding through the William D. Ford Federal Direct Loans Program. Our school code is G07874 and you can use this when completing your Free Application for Federal Student Aid (FAFSA) online.

UCalgary supports veterans of the U.S. Armed Forces in obtaining their G.I. Bill benefits while attending studies at UCalgary. If you’re a beneficiary and would like to utilize this benefit while studying at UCalgary, contact us via e-mail (usloans@ucalgary.ca) for more information and next steps.

For students who require additional funds to meet their cost of attendance or would like to supplement their Direct Loan funding, we also facilitate the Sallie Mae Smart Option student loan program.

Learn more at ucalgary.ca/Registrar/Finances/Student-Loans/US. Connect with our U.S. student loans expert about your options at usloans@ucalgary.ca.

October 1, 2019: FAFSA available
May 1, 2020: UCalgary U.S. Loans applications available

Our awards program
By applying for admission, you’re automatically considered for a number of entrance awards.
You should then complete the prestige awards application and the high school awards application in your Student Centre (my.ucalgary.ca) to be considered for all other awards.
For detailed information on applying for our high school scholarships, bursaries and awards, visit ucalgary.ca/awards.

December 1, 2019: Prestige awards deadline
March 1, 2020: Other entrance awards deadline

COST ESTIMATOR
Need help planning your expenses? Try our online cost estimator tool. You can access the tool by visiting ucalgary.ca/future-students/undergraduate/cost-estimator.
Living on campus

Living in on-campus housing (residence) will ensure you’re instantly connected to our campus community. You’ll also get more sleep being so close to your classes!

Residence is a great way to get involved on campus and get connected with other students. It gives you the opportunity to fully immerse yourself in all that the university has to offer.

Meal plans

Our Dining Centre offers the All You Care To Eat program, which allows you to eat whatever you like, whenever you like and as much as you need throughout the academic year.

Reserving your room

Applications for single student housing open on December 10, 2019. If you’re a high school applicant, you’re guaranteed a home in residence for the first two years of study if you apply by May 1, 2020.

Learn more about living in residence at ucalgary.ca/residence.

Living in residence helps make your transition to university seamless. From first-year dorm-style rooms, to full apartments in upper years or graduate school, to housing for families — there are options available for all students. Residence is a short walk away from everything you need and includes:

- 24/7 security
- Access to an on-staff dietitian
- Halal, vegetarian and gluten-free menu options
- Study spaces in each residence building
- Free writing support through the Academics in Residence program

STANDARD FIRST-YEAR ROOM

Fully furnished with utilities and internet included

“This is the most comfortable place to live. You know you’re going to be safe here, and everyone is so welcoming.”

ROBERT MCCURDY, FIRST-YEAR STUDENT

“You’re spending time with people who care about you and want you to succeed. Residence is awesome, and I just want everyone to experience it.”

ALEX HAY, COMMUNITY ADVISOR

“There’s always resources to help people out, help people build connections. If you’re struggling academically, there’s resources for those things too.”

BRENDAN BIRCE, COMMUNITY ADVISOR

“I love residence. It’s a community. It feels like family.”
