Dear counsellor,

I’d like to acknowledge the important role you have in helping students assess and evaluate their post-secondary options. To help make your role easier, this document contains information about how to connect with us, what’s new at UCalgary, admission requirements and our important dates and deadlines.

The recruitment team and I look forward to working with you in the upcoming year.

Best regards,

Steven Kelly
Manager, Student Recruitment

a bold choice

five reasons to choose UCalgary

1. Excellence in academics
Students can choose from a range of high-quality programs at one of the top 200 universities in the world. A community committed to excellence, we have 16 alumni who became Rhodes Scholars, and our Faculty of Kinesiology is the #1 sport science school in North America.

2. Research opportunities
We are a leading Canadian research university. With $419 million in sponsored research funding last year, UCalgary provides students the opportunity to gain valuable research experience while helping overcome some of society’s greatest challenges.

3. A caring community
Students have access to many support Services. These include academic support through the Student Success Centre, access to mental health and wellness professionals through Student Wellness Services, and help preparing for employment through Career Services.

4. Earn while they learn
Students can take advantage of various employment options while at UCalgary. We offer exciting paid co-operative education and internship opportunities with companies such as BMW and ConocoPhillips.

5. Adventurous lifestyle
World-famous landscapes like Banff and Lake Louise are just a few of the exciting places students can explore while studying at UCalgary. With the Rocky Mountains only an hour away, this is the perfect city for anyone who loves adventure.

fast facts

our city

- 1 HOUR TO THE ROCKY MOUNTAINS
- 4TH MOST LIVEABLE CITY IN THE WORLD
- 3RD MOST DIVERSE CITY IN CANADA
- CANADA’S SUNNIEST MAJOR CITY (333 SUNNY DAYS PER YEAR)
- ONE OF CANADA’S SAFEST MAJOR CITIES

our university community

- #6 TOP RESEARCH UNIVERSITY IN CANADA
- 23:1 STUDENT TO FACULTY RATIO
- 70+ CAREER WORKSHOPS PER YEAR
- 46 U SPORTS NATIONAL CHAMPIONS
- 14 FACULTIES
- 14 OLYMPIC AND PARALYMPIC MEDALS WON BY STUDENTS
- $419 MILLION IN SPONSORED RESEARCH FUNDING (2017-2018)
- UNLIMITED USE OF PUBLIC TRANSIT WITH THE STUDENT UPASS
- 526 ACRES OF PARK-LIKE CAMPUS
- 105,000 ALUMNI IN MORE THAN 150 COUNTRIES
- 27,000+ UNDERGRADUATE STUDENTS
- 91% GRADUATE EMPLOYMENT RATE
- 95% FIRST-YEAR UNDERGRADUATE RETENTION RATE
- STUDY ABROAD OPPORTUNITIES IN 45+ COUNTRIES
- MULTI-YEAR RESIDENCE GUARANTEE FOR INCOMING STUDENTS
Creating internship opportunities for all science students

The Faculty of Science is pleased to announce the creation of the Science Internship Program. This will provide all science students the opportunity to complete a paid internship.

Students admitted to engineering through the biology-based admission route (see admission requirements on page 14) will take part in the Bioengineering Summer Institute’s four-week program, which is specifically designed to inspire engineering enthusiasts. It connects each student’s strength in biology with biomedical engineering applications. Through interactive and project-based learning, students will be prepared with the necessary physics knowledge to succeed in engineering.

Learn more at schulich.ucalgary.ca/future-students/undergraduate/admissions/bioengineering-admission.

IB curriculum update

We have updated our course equivalents based on recent changes to the IB curriculum:

- **IB Mathematics: Analysis and approaches (HL or SL)** is equivalent to Math 30-1 and Math 31 (Grade 12 level pre-calculus and calculus).
- **IB Mathematics: Applications and interpretations (HL or SL)** is equivalent to Math 30-1 and Math 31 (Grade 12 level pre-calculus and calculus).

what’s new?

Opening doors for biology students into engineering

The Bioengineering Summer Institute provides high school students who excel in biology a new way to enter the Schulich School of Engineering.

This program allows students to pursue their interest in understanding the human body and developing biomedical devices — and to use it to begin a career in engineering.

Students admitted to engineering through the biology-based admission route (see admission requirements on page 14) will take part in the Bioengineering Summer Institute’s four-week program, which is specifically designed to inspire engineering enthusiasts. It connects each student’s strength in biology with biomedical engineering applications. Through interactive and project-based learning, students will be prepared with the necessary physics knowledge to succeed in engineering.

Learn more at schulich.ucalgary.ca/future-students/undergraduate/admissions/bioengineering-admission.

Creating internship opportunities for all science students

The Faculty of Science is pleased to announce the creation of the Science Internship Program. This will provide all science students the opportunity to complete a paid internship.

The new program, ranging from eight to 16 months, will replace the existing internships that were offered only to students majoring in computer science, ecology or actuarial science.

Establishing a new internship program that includes all Faculty of Science students is part of the University of Calgary’s ongoing focus on experiential learning opportunities.

The new Science Internship Program will be available for all science majors as an optional experience in their third year of studies starting in fall 2020.

dates and deadlines

**2019**

- **October 1**
  - Fall 2020 undergraduate application opens
  - Fall 2020 competitive undergraduate awards application opens
  - December 1
    - Prestige awards deadline
  - December 10
    - Application for residence opens (you can apply for residence as soon as you apply for admission)
  - December 15
    - Prestige awards document deadline

**2020**

- **February 1**
  - Transfer applicant document deadline for early admission

- **March 1**
  - Fall 2020 admission application deadline
  - Fall 2020 undergraduate awards application deadline
  - Deadline to make changes to your program choices on your admission application
  - March 15
    - Deadline for high school and transfer applicants to submit unofficial transcript and supporting documents

- **June 1**
  - Deadline for transfer applicants to submit final official documents

- **August 1 – 30**
  - Deadline for high school applicants to submit final official transcripts (find specific details in your Student Centre at my.ucalgary.ca)
our university

UCalgary students live and study in a park-like setting — a hub of social, cultural and academic life that boasts strong campus traditions over 50 years in the making. There’s always something fun to explore, day or night.

See more of our campus via 360-degree photos at ucalgary.ca/future-students/undergraduate/tours-events.

International Student Services
International Student Services provides customized immigration advising prior to arrival in Canada and, once students get here, programs to help them succeed academically, make friends, and feel at home while at UCalgary. Visit ucalgary.ca/iss.

MacEwan Student Centre
The lively MacEwan Student Centre is a hub for social activity and home to many services, including a medical centre and 20+ food outlets.

Taylor Family Digital Library
The state-of-the-art Taylor Family Digital Library, one of North America’s most technology- and information-rich facilities, provides many excellent study and collaboration spaces for students.

Olympic Oval
The Oval was built for the Winter Olympic Games. Students can watch an international speed skating competition or take skating lessons on the world’s fastest ice.

★ Light rail transit and buses connect the university to the rest of Calgary, making it easy to explore the city. Students get unlimited use of public transit with the student UPass.

Other resources

GUIDANCE COUNSELLOR
WEB RESOURCES
Access helpful resources for students and counsellors. Learn more at ucalgary.ca/future-students/undergraduate/resources.

STUDENT WELLNESS SERVICES
Medical and mental health services are available on campus. Learn more at ucalgary.ca/wellness-services.

CAREER SERVICES
Students can receive professional support as they prepare for their career after graduation. Learn more at ucalgary.ca/careers.

UCALGARY DINOS
Do you have students who are interested in playing for the Dinos? Students should directly contact the head coach of the sport they are interested in. Learn more at godinos.com.

APPLYING FOR STUDY PERMITS
Staff in International Student Services can legally answer questions from international students about the study permit application process. For more information, visit ucalgary.ca/iss/immigration/study-permits.

LIVING ON CAMPUS
Students are guaranteed a home on campus for the first two years of study if they apply for residence by May 1, 2020. Learn more at ucalgary.ca/residence.
areas of study

Part of the initial application process is to select a major, which is a student’s main focus of study. Students can further customize their degrees by choosing a minor in their upper year.

Another way students can customize their education is to integrate a certificate into their degree at no extra cost. Part of the initial application process is to select a major, which is a student’s main focus of study. Students can customize their degrees by choosing a minor in their upper year.

admission requirements

Each degree program has specific admission requirements. High school applicants need to present five program-specific subjects at the Grade 12 or senior level. Admission considerations for all degree programs are competitive. For detailed information on program requirements, visit ucalgary.ca/future-students/undergraduate/requirements.

An early admission average will be calculated on Grade 11 or junior level courses (or equivalent) or based on the student's predicted results. If Grade 12 or senior level courses (or equivalent) are available, they'll be used to calculate the average.

Students may use an SAT subject test if they are missing a subject required for admission.

Note: National Science and Earth Science majors must meet the admittance average of their concentration.

Dual credit

Dual credit students applying for admission to a degree program will be considered high school applicants if they haven’t completed more than 30 units (10 courses) at a post-secondary institution. They will be considered transfer students if they have completed more than 30 units (10 courses).

Transfer students

Students who have attended an accredited/recognized post-secondary institution and have completed 12 or more units (4+ courses) will be considered for admission based on their post-secondary academic standing. Some programs may require students to complete, or be in the process of completing, specific course requirements at the high school and/or post-secondary level.

For details, visit our academic calendar at ucalgary.ca/pubs/calendar current/a-5-3.5-3.
English language requirements

There are three ways to meet our English language entrance requirements: high school studies, English language test scores, and the Academic Communications Certificate.

High school studies
To meet the English Language requirements with high school studies, students must have completed three years of study with English as the primary language of instruction at an accredited high school (including CIS-accredited high schools). This must include at least three years of English with your final English course being equivalent to Alberta's senior level (Grade 12) English.

English language test scores
Students can present one of the minimum scores listed in the table below if their high school education does not fulfill UCalgary's English language requirements.

Note: Our school code for the TOEFL exam is 0813 and the department code is 00.

Academic Communication Certificate (ACC)
The ACC is for English learners who want to enter a university program. Students who apply for undergraduate admission and complete the ACC through UCalgary Continuing Education by the end of summer term in the year of application could be considered for conditional admission to a degree program. Learn more at ucalgary.ca/esl/acc.

Our awards program

In recognition of academic excellence, new students applying from high school with an admission average of 95% or higher automatically receive the $5,000 President’s Admission Scholarship. Students who complete the IB (International Baccalaureate) Programme are eligible for an additional $3,500.

Premiere awards take into consideration academic excellence and accomplishments outside the classroom and include the $60,000 International Entrance Scholarship valued at $15,000 per year for four years.

Learn more at ucalgary.ca/registrar/finances/awards/prestige.

A variety of other awards, scholarships and bursaries are available.

How to apply for awards

December 1: Prestige awards deadline

March 1: Other entrance scholarships and awards deadline

Starting October 1, after applying for admission, the next step for your students is to complete the award application in their Student Centre (my.ucalgary.ca) to be considered for additional awards, scholarships and bursaries.

For more information on awards, scholarships and bursaries, visit ucalgary.ca/awards.
