Student-Specific Comment(s)

- The Faculty, to which you have been Admitted, will review the transfer credits (if any) granted by the Admissions Office to determine if they are appropriate to your current degree program. You will be advised if there are any revisions as a result of the Faculty's review. In the interim, if you wish to know how these credits will be applied to your current or any other program at the University of Calgary, please consult the Degree Navigator computer program by clicking on the appropriate link in the myUofC Portal menu available on our web site at www.my.ucalgary.ca

- Some of the transfer credit awarded may have generic numbers (containing an XX eg 2XX, 9XX) rather than specific university of Calgary numbers because, while the university recognizes them as university level courses, they have not been established as exact equivalents to courses offered at the University of Calgary. If you have been awarded this kind of credit and you need to use it as a prerequisite or it is similar to a university of Calgary course, contact the faculty office, before you register, to determine if further action is required.
