five reasons to choose UCalgary

1. **Excellence in academics**
   Students can choose from a range of high-quality programs at one of the top 250 universities in the world. With 19 alumni who became Rhodes Scholars and 390 inventions since 2017, we are a community committed to excellence and innovation.

2. **Research opportunities**
   Students can join a leading Canadian research university. With $457.2 million in sponsored research funding in 2019-2020, UCalgary provides many students the opportunity to gain valuable research experience while helping overcome some of society’s greatest challenges.

3. **A diverse community**
   Students are welcomed into a friendly community committed to creating an equitable, diverse and inclusive university for everyone. They can be themselves and thrive at UCalgary.

4. **Earn while they learn**
   Students can take advantage of various employment options throughout their degree. We offer exciting paid co-operative education and internship opportunities with companies such as Amazon and BMW.

5. **Adventurous lifestyle**
   Students can explore world-famous landscapes like Banff and Lake Louise. With the Rocky Mountains only an hour away, this is the perfect city for anyone who loves adventure.

---

**Traditional territorial acknowledgement**

Canada is located on the traditional territories of many different Indigenous peoples. UCalgary acknowledges the traditional territories of the people of the Treaty 7 region in Southern Alberta, which includes the Blackfoot Confederacy (comprising the Siksika, Piikani, and Kainai First Nations), as well as the Tsuut’ina First Nation, and the Stoney Nakoda (including the Chiniki, Bearspaw, and Wesley First Nations). The City of Calgary is also home to the Métis Nation of Alberta, Region 3.

UCalgary and Quantum City

From nanotechnology and artificial intelligence to quantum internet and biomedical engineering, Calgary is becoming a true quantum capital city.

Quantum City, announced by UCalgary, the Government of Alberta and leading technology company Mphasis, will create up to 1,000 jobs and help diversify our economy. UCalgary has 130 academics across several fields working in a transdisciplinary fashion to help make Calgary a quantum leader.

They are designing quantum computers to tackle the toughest problems and strengthen cybersecurity. And they are taking advantage of this ever-increasing computing power to develop methods to calculate the properties of complex molecules, from water to proteins.

“UCalgary’s entrepreneurial approach makes us uniquely positioned to create and commercialize new quantum technologies,” says Dr. William Gali, vice-president (research).

“Our scientists are partnering with the growing number of quantum-based companies. Our innovation ecosystem, including Innovate Calgary and the Creative Destruction Lab - Rockies, has created a powerful pathway for new discoveries to travel from labs through startups to the world.”

Work-integrated learning accelerates at UCalgary

UCalgary offers five forms of experiential learning including co-curricular experiential learning, curriculum-integrated experiential learning, community-engaged learning, research-integrated experiential learning and work-integrated learning. Integrating with our community — industries, non-profits and governments — increases the relevance of our teaching and research. By providing learning opportunities that directly tie to real-world activities, we strengthen the value of a UCalgary degree and strengthen our bonds with the greater community.

exceptional facilities

Taylor Family Digital Library
The Taylor Family Digital Library is one of North America’s most technology- and information-rich facilities. It provides many excellent study and collaboration spaces for students.

The Atrium
A favourite study space for students, the Atrium features modern luscious vegetation and lots of natural light. Students can relax and recharge in this rainforest-like setting any time of the year.

International Student Services
International Student Services provides customized immigration advising prior to arrival in Canada and, once students get here, programs to help them succeed academically, make friends, and feel at home while at UCalgary. Visit: ucalgary.ca/iss

The Olympic Oval
The Olympic Oval was built for the 1988 Olympic Winter Games. Students can watch an international speed skating competition or take skating lessons on the world’s fastest ice.

Other resources

GUIDANCE COUNSELLOR WEB RESOURCES
Access helpful resources for students and counsellors. Learn more at: ucalgary.ca/future-students/undergraduate/high-school-counsellors-and-advisors

STUDENT WELLNESS SERVICES
Medical and mental health services are available on campus. Learn more at: ucalgary.ca/wellness-services

STUDENT ACCESSIBILITY SERVICES
Students can access advisors who can help them transition accommodations from high school to university. Learn more at: ucalgary.ca/access

UCALGARY DINOS
Do you have students who are interested in playing for the Dinos? Students should directly contact the head coach of the sport they are interested in. Learn more at: godinos.com

APPLYING FOR STUDY PERMITS
Staff in International Student Services can legally answer questions from international students about the study permit application process. For more information, visit: ucalgary.ca/iss/immigration/study-permits

LIVING ON CAMPUS
Students are guaranteed a home on campus for the first two years of study if they apply for residence by May 1, 2022. Learn more at: ucalgary.ca/residence

our university

Students can live and study on our park-like main campus — a hub of social, cultural and academic life that boasts strong campus traditions more than 50 years in the making. Our students love the heated above-ground tunnels that connect our campus in the winter months.

Explore the University of Calgary using Google Street View at: ucalgary.ca/future-students/undergraduate/tours-events

UCalgary’s main campus is 526 acres of park-like space. Many of the buildings students take classes in are a short distance from each other.

### International Curriculums

**International Baccalaureate (IB):**

- **Diploma holders:** By presenting an IB diploma with three higher-level courses and all grades above three, they will be considered for admission based on their overall diploma score.

- **Grade 11 students:** If they are currently completing the IB diploma, the initial evaluation of their application will be based on their predicted IB diploma. If they have completed the IB diploma, they will be evaluated on their final IB diploma results. The extended essay, theory of knowledge, and creativity, action, and service (CAS) components are included as part of the total IB score calculation. IB course code is 0000BB.

- **Competitive IB scores** will vary from program to program, but competitive IB diploma average is in the 24-27 range.

**Certificate holders:** By presenting an IB certificate, students will be considered for admission based on the highest grade received in their diploma courses. These students need four years of English. The following courses are equivalent to Canadian senior-level courses:

- **Honours:** AP and IB courses (AP/SAT course code is 0000BB).

**French Baccalaureate:** Students presenting the French Baccalaureate diploma will have their admission averages calculated using the Faculty-specific courses. Some French Baccalaureate courses are equivalent to multiple courses. If they are currently completing the French Baccalaureate diploma, the initial evaluation of their application will be based on their final IB diploma. Competitive French Baccalaureate diploma average is in the 24-27 range. Some French Baccalaureate courses are equivalent to multiple courses. Competitive French Baccalaureate diploma average is in the 24-27 range. French Baccalaureate holders will be considered for admission based on the highest grade received in their diploma courses. These students need four years of English. The following courses are equivalent to Canadian senior-level courses:

**General Certificate of Education (GCE):**

- Students presenting GCE or GCSE will be considered using five academic courses. Applicants can be considered with two courses at the Advanced Level (A) and three at the GCSE (Ordinary Level), or four courses at the Advanced Subsidiary Level (AS) and one at the GCSE (Ordinary Level). If their studies are in progress, the initial evaluation will be based on exam board issued GCSE results, as well as predicted/mock GCSE AS or A-Level results issued by their school. Competitive GCE scores will vary from program to program, but competitive scores are in the 24-27 range.

**American Curriculum:**

- **Certificate holders:** Students presenting an IB certificate, students will be considered for admission based on their highest grade received in their diploma courses. These students need four years of English. The following courses are equivalent to Canadian senior-level courses:

**Blended Curriculum:** Students who present multiple curriculums may be eligible if the required Grade 12 or senior-level courses are presented.
English language requirements

There are three ways to meet our English language entrance requirements: high school studies, English language test scores, and the Academic Communication Certificate.

High school studies
To meet the English language requirements with high school studies, a student must have completed three years of study in an ELP exempt country, or at an accredited high school (Canadian, American, British or CIS school) where English is the primary language of instruction. Their final English course must also be equivalent to Alberta’s senior-level (Grade 12) English.

Learn more at: ucalgary.ca/pubs/calendar/current/a-11

Academic Communication Certificate (ACC)
The ACC is for English learners who want to enter a university program. If a student applies for undergraduate admission and will complete the ACC through UCalgary Continuing Education by the end of summer term in the year of application, they could be considered for conditional admission to a degree program.

Learn more at: esl.ucalgary.ca/programs/academic-communication-certificate

English language test scores
If a student’s high school education does not fulfill UCalgary’s English language requirements, they can present one of the minimum scores listed in the table below.

Acceptable English Language Tests Minimum score
Advanced Placement (AP) English Literature and Composition, or English Language and Composition 4
CAEL 70
Cambridge English: Advanced CAE 180
Cambridge English: Proficiency CPE 180
Duolingo 115
English 30-1 (or equivalent) 80
GCE/GCSE English Language or Literature 8 or 6
IELTS (International English Language Testing System) 6.5
IB Higher or Standard Level English A 5
IB Higher Level English B 6
PTE Academic (Pearson Test of English Academic) 60
TOEFL – Internet-based (IBT) 86
TOEFL – Paper-based (PBT) 560

Note: Our school code for the TOEFL exam is 0813, and the department code is 00.

<td>$17,738 - $26,624</td>
</tr>
</tbody>
</table>

All costs cover an eight-month period and are based on an expected first-year course load and a typical student’s experience in residence. Fees are based on the 2021 – 2022 academic year. Tuition fees are reviewed regularly by the Board of Governors, in consultation with students. All costs are in Canadian dollars. Full fee information is available at: ucalgary.ca/pubs/calendar/current/p-1-1

International Engineering tuition fees are approved fees for the 2022 – 2023 academic year.

Cost estimator
