Bold choice
Bright future
International Viewbook for fall 2022 applicants
five reasons you should choose UCalgary

1. Excellence in academics
   Choose from a range of high-quality programs at one of the top 250 universities in the world. With 19 alumni who became Rhodes Scholars and 390 inventions since 2017, we are a community committed to excellence and innovation.

2. Research opportunities
   Join a leading Canadian research university. With $457.2 million in sponsored research funding in 2019–2020, UCalgary provides many students the opportunity to gain valuable research experience while helping overcome some of society’s greatest challenges.

3. A diverse community
   Be welcomed into a friendly community committed to creating an equitable, diverse and inclusive university for everyone. You can be yourself and thrive at UCalgary.

4. Earn while you learn
   Take advantage of various employment options throughout your degree. We offer exciting paid co-operative education and internship opportunities with companies such as Amazon and BMW.

5. Adventurous lifestyle
   Explore world-famous landscapes like Banff and Lake Louise. With the Rocky Mountains beginning only an hour away, this is the perfect city for anyone who loves adventure.

Traditional territorial acknowledgment
Canada is located on the traditional territories of many different Indigenous peoples. UCalgary acknowledges the traditional territories of the people of the Treaty 7 region in Southern Alberta, which includes the Blackfoot Confederacy (comprising the Siksika, Piikani, and Kainai First Nations), as well as the Tsuut’ina First Nation, and the Stoney Nakoda (including the Chiniki, Bearspaw, and Wesley First Nations). The City of Calgary is also home to the Métis Nation of Alberta, Region 3.

At a glance
- #6 TOP RESEARCH UNIVERSITY IN CANADA
- 33,000+ STUDENTS
- 10% UNDERGRADUATE INTERNATIONAL STUDENTS — REPRESENTING 155 COUNTRIES
- 95% FIRST-YEAR UNDERGRADUATE RETENTION RATE
- 94% GRADUATE EMPLOYMENT RATE
- #29 GLOBALLY FOR ADDRESSING THE UNITED NATIONS SUSTAINABLE DEVELOPMENT GOALS
- FAIR TRADE CERTIFIED CAMPUS SINCE 2015
- 191,000 ALUMNI IN MORE THAN 150 COUNTRIES
- 46 U SPORTS NATIONAL CHAMPIONSHIPS
- 14 OLYMPIC AND PARALYMPIC MEDALS WON BY STUDENTS

Learn more about what makes UCalgary a great choice for you: ucalgary.ca/future-students/undergraduate/experience
Choosing to live and study in Canada is a fantastic opportunity. Here’s why:

- Canada is one of the best places to live in the world. Our quality of life is ranked #1.
- You may have heard that Canadians are friendly and that you will often hear us say sorry! These assertions are all true. Safe, stable and friendly define Canada.
- Full-time students on a valid study permit may work up to 20 hours/week off campus, and are eligible for a post-graduation work permit to stay and work in Canada for up to three years.

Visit our Facebook page, University of Calgary Future Students, to hear stories from our international students.
Home to 1.4 million people, Calgary is Canada’s youngest and third-most diverse city. The city offers many festivals and concerts, and has nine of the top restaurants in Canada. If you want to escape the city, the iconic Rocky Mountains are only a short drive away!

**Quality of Life**
- 5th Most Liveable City in the World in 2019
- One of Canada’s Safest Major Cities

**Employment**
- Innovation Capital of Canada
- Highest Concentration of Head Offices in Canada Per Capita

**Lifestyle**
- Alberta’s Most Extensive Pathway and Bikeway Network
- 2nd Most Affordable City in Canada and 9th Most Affordable in North America

**Weather & Climate**
- Canada’s Sunniest Major City (333 Sunny Days Per Year)
- Warm, Dry Chinook Winds That Raise Temperatures During Winter Above Freezing

Drawing top performers, Calgary’s Folk Music Festival is held annually at Prince’s Island Park.

An unmatched entrepreneurial spirit

Calgary is Canada’s most entrepreneurial city. Check out popular UCalgary alumni-owned businesses such as Village Ice Cream, Skip the Dishes or the Silk Road Spice Merchant.

Canada Olympic Park and Winsport

Home to Canada’s Sports Hall of Fame, Winsport offers summer luge, bobsled, and BMX courses, along with skiing, snowboarding and tubing in the winter.

Bow River

The Bow River is at the heart of Calgary. Take a bike ride on the river pathway system, enjoy some of Calgary’s top restaurants on its banks or relax in the sun while rafting on a hot summer day.

Calgary Stampede, the greatest outdoor show on earth

A ten-day celebration of western heritage, culture, and community spirit. Enjoy rides, a rodeo, premier musical acts and so much more.

See more of Calgary at ChooseUCalgary.
your university

Live and study on our park-like main campus — a hub of social, cultural and academic life that boasts strong campus traditions more than 50 years in the making. Many buildings you will take classes in are a short distance from each other, and heated above-ground tunnels connect our campus in the winter months.

Explore UCalgary using Google Street View: ucalgary.ca/future-students/undergraduate/tours

find your space

Taylor Family Digital Library
The Taylor Family Digital Library is one of North America’s most technology- and information-rich facilities. Access UCalgary’s video game archive and use 3-D printers, podcast studios and more.

The Olympic Oval
The Oval was built for the 1988 Olympic Winter Games. You can watch an international speed skating competition or take skating lessons on the world’s fastest ice.

The Atrium
A favourite study space for students, the Atrium features luscious vegetation and lots of natural light. You can relax and recharge in this rainforest-like setting any time of the year.

The Hunter Hub for Entrepreneurial Thinking
This space is dedicated to helping students develop entrepreneurial ways of thinking. They host the Energy New Venture Competition each year, which introduces start-ups to investors and industry leaders.

Food culture
Whether you are craving a Vietnamese sub, your morning coffee, a slice of pizza or a place to enjoy a vegetarian meal and your favourite beverage on a Friday afternoon, you will find many options on our campus.
HASKAYNE SCHOOL OF BUSINESS

The Haskayne School of Business offers unique experiential learning opportunities including adventure leadership development and formal programming for participation in case competitions. Take advantage of student-focused centres tied to key industries and business disciplines including entrepreneurial thinking, advanced leadership, real estate, energy and the environment, and social entrepreneurship.

Bachelor of Commerce
- Accounting
- Business
- Business Analytics
- Business Technology Management
- Energy and Professional Land Management
- Entrepreneurship and Innovation
- Finance
- International Business Strategy
- Marketing
- Operations Management
- Organizational Behaviour and Human Resources
- Personal Financial Planning
- Real Estate Studies
- Risk Management and Insurance
- Risk Management: Insurance and Finance
- Supply Chain Management

Note: If you do not know which of the above concentrations to choose, you can select the Business concentration to explore an array of courses. You can remain as a Business generalist or switch to a more specific concentration in an upper year.

FACULTY OF SCIENCE

In the Faculty of Science, many of our programs feature field schools and summer research opportunities. Whether in a lab working on quantum information and computing, studying auroras on one of Canada’s largest telescopes, or examining European green crabs at the Bamfield Marine Sciences Centre, you have endless opportunities to explore.

Bachelor of Science
- Anthropology
- Archaeology
- Geology
- Psychology
- Greek and Roman Studies
- History
- International Indigenous Studies
- International Relations
- Latin American Studies
- Law and Society
- Linguistics
- Linguistics and Language
- Multidisciplinary Studies
- Music
- Philosophy
- Political Science

- Astrophysics
- Biochemistry
- Biological Sciences
- Cellular, Molecular and Microbial Biology
- Chemistry
- Computer Science
- Ecology
- Environmental Science
- Geology
- Geophysics
- Mathematics
- Natural Sciences
- Neuroscience (honours only)
- Physics
- Plant Biology
- Zoology

FOOTNOTES
1. Honours program offered in upper years
2. Co-operative education and/or internship option available
3. Direct entry honours program

LEARN MORE
SCHULICH SCHOOL OF ENGINEERING

Gain work experience through our 12- to 16-month paid engineering internships and our summer work practicums for first- and second-year students. Access exclusive scholarships, leadership programs and global learning experiences. Or use our makerspaces to create your own projects.

Bachelor of Science in Engineering
- Biomedical Engineering
- Chemical Engineering
- Civil Engineering
- Electrical Engineering
- Geomatics Engineering
- Mechanical Engineering
- Software Engineering

Note: Engineering students who complete their first-year courses successfully are guaranteed placement in the program of their choice.

FACULTY OF KINESIOLOGY

Join the #1 sport science school in North America. Be active while learning leadership skills in many sports, and study scientific topics including anatomy and biomechanics. Thrive in practicums with organizations like the UCalgary Dinos or Team Canada and other Olympic teams that train at our Olympic Oval.

Bachelor of Kinesiology
- Biomechanics
- Exercise and Health Physiology
- Kinesiology
- Leadership and Coaching
- Motor and Psychosocial Aspects of Movement

FACULTY OF NURSING

The Faculty of Nursing offers a vibrant student-focused experience. Our unique curriculum integrates theory courses with leading-edge nursing simulations and practicum placements that will prepare you for an exciting career.

Bachelor of Nursing
- Nursing

WERKLUND SCHOOL OF EDUCATION

The Werklund School of Education will prepare you to teach in an ever-evolving education system. Learn from Indigenous Elders at Writing-on-Stone Provincial Park, volunteer with an organization that teaches refugee children, or join the Teaching Across Borders program to gain teaching experience in a totally different context.

Bachelor of Education
- Four Year (Campus-based)
  - Elementary: Early Childhood Education, English Language Arts, English Language Learners, Fine Arts, Fine Arts - Drama, Fine Arts - Music, Fine Arts - Visual Studies
  - Secondary: English Language Arts, Fine Arts - Drama, Fine Arts - Music, Fine Arts - Visual Studies
- Five Year (Combined) 1, 2
  - Elementary: Early Childhood Education, English Language Arts, English Language Learners, Fine Arts - Drama, Fine Arts - Music, Fine Arts - Visual Studies
  - Secondary: English Language Arts, Fine Arts - Dance, Fine Arts - Drama, Fine Arts - Music, Fine Arts - Visual Studies

FOOTNOTES
1  Must meet entrance requirements for combined degree program
2  Combined education program requires that students complete two degrees concurrently
3  Co-operative education and/or internship option available
4  Honours program offered in upper years
5  Online option available

UCalgary also boasts a number of world-class graduate level programs to further specialize your studies after completing your initial undergraduate bachelor's degree.

### Commonly Asked Admission Questions

**What are the admission requirements and how do I know if a course can be used in the admission calculation?**

Each degree program has specific admission requirements. High school applicants need to present five program-specific courses at the Grade 12 or senior level. Admission considerations for all degree programs are competitive. Course equivalents may vary from country to country and by curriculum. Additionally, some courses may be equivalent to multiple courses for admission. For example, Mathematics may be considered equivalent to Mathematics and Calculus.

**How is the admission average calculated?**

An early admission average will be calculated on required Grade 11 or junior-level courses (or equivalent), or based on your predicted results. If Grade 12 or senior-level courses (or equivalent) are available, they will be used to calculate the average.

**Can I present the required courses for admission with multiple curriculums?**

Students who present multiple curriculums may be eligible if the required Grade 12 or senior-level courses are presented.

**I am missing a required course for admission. What can I do?**

Students who are unable to present a required course for admission in Grade 12 of their high school curriculum can meet the requirement by completing:

- An AP exam
- A course through an online accredited high school
- A previously-completed SAT subject test

**Note:** Math Level 1 is equivalent to Mathematics, and Math Level II is equivalent to Mathematics and Calculus.

**Can I submit other documents to support my application?**

Admission decisions for the vast majority of programs are based on your five faculty-specific high school courses. Outside of specific supplementary requirements (as noted), we do not consider letters of intent, letters of recommendation, or extra-curriculars as part of our admission process.

Learn more about the admission requirements specific to your country or curriculum: [ucalgary.ca/future-students/undergraduate/requirements](ucalgary.ca/future-students/undergraduate/requirements)

*Check out a 10-minute Discover UCalgary presentation customized for your region on our Choose UCalgary Youtube account.*

| Combined Degree                          | • Low 80s to high 80s, depending on teachable subject area | **Course requirements for the combined degree program must be met. For degree combinations, see:**
|                                          |                                         | **worklund.ucalgary.ca/undergraduate-programs/future-students/pathways-and-admissions/five-year-concurrent-bachelor**

**International Baccalaureate (IB)**

**Diploma holders**
By presenting your IB diploma with three higher-level courses and all grades above three, you will be considered for admission based on your overall diploma score.

If you are currently completing the IB diploma, the initial evaluation of your application will be based on your predicted IB grades. If you have completed the IB diploma, you will be evaluated on your final IB results.

**Certificate holders**
By presenting your IB certificate, you will be considered for admission based on five faculty-specific courses. Individual IB courses are converted into a percentage score and combined with high school courses from other curriculums to calculate the admission average.

Competitive IB scores will vary from program to program, but a competitive IB diploma score is in the 24-41 range.

**General Certificate of Education (GCE)**

Students presenting GCE or GCSE will be considered using five academic courses. Applicants will be considered with two courses at the Advanced Level (A) and three GCSE/Ordinary Level, or four courses at the Advanced Subsidiary Level (AS) and one at the GCSE/Ordinary Level. If your studies are in progress, the initial evaluation will be based on exam board issued GCSE results, as well as predicted/mock GCE AS or A Level results issued by your school.

Competitive GCE scores will vary from program to program, but most competitive averages are in the B to A range in your O-level and A-level courses.

**American Curriculum**

The competitive admission average (GPA) is based on five high school courses. Students need four years of English. The following courses are equivalent to Canadian senior-level courses:

- Honours, AP and IB courses (AP/SAT course code is 0813)
- Junior and Senior (all courses)

Competitive GPAs will vary from program to program, but most competitive averages are in the 2.5-3.4/4.0 range.

**French Baccalaureate**

Students presenting the French Baccalaureate diploma will have their admission averages calculated using the faculty-specific courses. Some French Baccalaureate courses are equivalent to multiple courses. If you are currently completing the French Baccalaureate diploma, the initial evaluation of your application will be based on Year 12 interim grades. Specific course assessments are:

- **Mathematiques** is equivalent to Mathematics and Calculus
- **Phys-chimie** is equivalent to both Physics and Chemistry
- **Sc. Vie Terre (SVT)** is equivalent to Biology

Competitive averages will vary from program to program, but competitive scores will be in the 12-18 range. Coefficient score is not considered.
English language requirements

There are three ways to meet our English language entrance requirements: high school studies, English language test scores, and the Academic Communication Certificate.

High school studies
To meet the English language requirements with your high school studies, you must have completed three years of study in an ELP exempt country, or at an accredited high school (Canadian, American, British or CIS school) where English is the primary language of instruction. Your final English course must also be equivalent to Alberta’s senior level (Grade 12) English.

Learn more: ucalgary.ca/pubs/calendar/current/a-11

Academic Communication Certificate (ACC)
The ACC is for English learners who want to enter a university program. If you apply for undergraduate admission and will complete the ACC through UCalgary Continuing Education by the end of summer term in the year of application, you could be considered for conditional admission to a degree program.

Learn more: esl.ucalgary.ca/programs/academic-communication-certificate

English language test scores
If your high school education does not fulfill UCalgary’s English language requirements, you can present one of the minimum scores listed in the table below.

<table>
<thead>
<tr>
<th>Test</th>
<th>Minimum Score</th>
</tr>
</thead>
<tbody>
<tr>

<td>560</td>
</tr>
</tbody>
</table>

English language requirements must be completed by MARCH 15, 2022 to be considered for admission

Note: Our school code for the TOEFL exam is 0813 and the department code is 00.

Find more details on English language requirements and exempt countries: ucalgary.ca/pubs/calendar/current/a-11

International Student Services

International Student Services (ISS) provides customized immigration advising prior to your arrival and, once you get here, programs to help you succeed academically, make friends and feel welcomed into the UCalgary community. Some ISS programs include:

- Immigration advising with designated professionals who are legally authorized to answer questions on Canadian immigration (including study permits, work permits and visas, as well as options for partners, spouses and dependents)
- USpeak Global, a language sharing program open to all UCalgary students
- Global Families events that provide opportunities for you and your family to experience Calgary culture and meet other student families

Learn more about ISS and its programs and services: ucalgary.ca/student-services/iss

See what a day in the life of Maria Atencio, an international student from Venezuela, is like at UCalgary.
your next steps to becoming a Dino

EXPLORE
1. Why Choose UCalgary
   - Learn more about studying at UCalgary as an international applicant.
   - Visit: ucalgary.ca/future-students/undergraduate/international-students

2. Take a tour or attend a prospective student event
   - Join us online or in-person throughout the year for many of our prospective student events.
   - We also offer both in-person and virtual campus tour options to explore our campus.
   - Visit: ucalgary.ca/tours-and-events

3. Select your program(s) and check admission requirements
   - Review our programs and identify your top two choices. Check the admission requirements for both programs. If you receive an offer to your first choice program, this is the only offer you’ll receive. We recommend you rank your program choices with your most desired program as your first choice.
   - Visit: ucalgary.ca/future-students/undergraduate/explore-programs

APPLY EARLY
1. Submit your application and pay your fee
   - Submit your online application between October 1, 2021 and March 1, 2022 and pay the $145 application fee. Applicants can change their program choice(s) until March 1, 2022.
   - Visit: ucalgary.ca/future-students/undergraduate/apply

2. Apply for high school scholarships and awards
   - As soon as you apply for admission, you can apply for our undergraduate awards. To be considered for all major awards (including prestige awards), submit your award application by December 1, 2021 and all required admission documents by December 15, 2021. The high school entrance award application is due March 1, 2022.
   - Visit: ucalgary.ca/awards

3. Submit your documents
   - Upload your unofficial transcripts and other required documents to your Student Centre (my.ucalgary.ca) by February 1, 2022 for transfer applicants and March 15, 2022 for high school applicants. We recommend submitting these documents as soon as possible. Applications are considered based on the highest level of education completed at the time of review.
   - Visit: ucalgary.ca/future-students/undergraduate/documents

AFTER YOU APPLY
1. Apply for residence
   - High school applicants who apply for residence by May 1, 2022 are guaranteed a home on campus for two years. You can apply for residence before you receive an offer of admission.
   - Visit: ucalgary.ca/residence

2. Review your status
   - Log in to your Student Centre (my.ucalgary.ca) to find details on your application status.

3. Accept your offer
   - Accept your offer of admission through your Student Centre (my.ucalgary.ca) and pay the $500 non-refundable admissions deposit by May 1, 2022 to confirm your seat. Your $500 admissions deposit is applied to your first-year tuition fees.
   - Visit: ucalgary.ca/future-students/undergraduate/admitted

4. Apply for a study permit
   - Once you receive an offer of admission, you may apply for your study permit using the offer letter that you can access in your Student Centre (my.ucalgary.ca). Our International Student Services team can provide support with the study permit application process.
   - Learn more: ucalgary.ca/iss/immigration/study-permits

5. Register in your first-year courses
   - Course registration will begin in early May.
   - Visit: ucalgary.ca/registrar/registration

6. Your Dinos adventure begins!
   - New student orientation begins on September 2, 2022 and your fall classes start on September 7, 2022.

Have questions along the way? Contact our recruiters. We are here to help!

</table>

* All costs cover an eight-month period and are based on an expected first-year course load and a typical student’s experience in residence. Fees are based on the 2021 – 2022 academic year. Tuition fees are reviewed regularly by the Board of Governors, in consultation with students. All costs are in Canadian dollars. Full fee information is available at: ucalgary.ca/pubs/calendar/current/p-1-1

¹ International Engineering tuition fees are approved fees for the 2022 – 2023 academic year.

Student fees provide you with these great benefits:

- TRANSIT
- HEALTH AND DENTAL
- ATHLETIC ACCESS

International students can work part-time while in Canada studying

APPLY FOR CONTINUING STUDENT AWARDS
Applications open annually in June

Learn about our awards!

$17M+ in scholarships, bursaries, and awards available annually

Prestige awards valued at $30,000 – $100,000

25% of entering students receive a scholarship, bursary or award

International Entrance Awards valued at $20,000

AUTOMATIC AWARDS
Automatic awards are based on your admission average. The President’s Admission Scholarship is for incoming students with an admission average of 95% or above. The IB Entrance Scholarship is for students with an IB diploma score of 35 or higher.

PRESTIGE AWARDS
UCalgary values entering students who excel both inside and outside of the classroom — prestige awards are for those students.
Application deadline: December 1, 2021.

HIGH SCHOOL AWARDS
High school entrance awards are based on a variety of factors including academics, financial need, or other criteria such as community service, leadership and volunteerism. Application deadline: March 1, 2022.

LEARN MORE
welcome to your new home in residence

Living on campus is a great way to fully immerse yourself in all that the university has to offer. Make new friends, get involved in activities in your community, and access leadership, academic and wellness resources.

• Living on campus means you’re as close to your classes as you can get. Easily access the library, labs, professors and study lounges, as well as tutoring and study groups.
• You can select your roommate through a matching service or request to live with a friend. Gender-specific wings are also available.
• Access world-class fitness facilities, unlimited-entry meal plans, dietary resources, mental health support and in-house community advisors.
• Take part in residence life activities including theme nights, community dinners, sports tournaments and interesting student groups.

All You Care to Eat dining
For international students, the Dining Centre offers the 7-day unlimited-entry All You Care to Eat meal plan with multiple options of fresh food available including gluten-free, vegan, vegetarian and halal. Eat what you want when you want. Food labelling and one-on-one consultations are available with a staff dietician and the executive chef.
