

UNIVERSITY OF
CALGARY

Counsellor Resource
for fall 2025 admission cycle

DEAR COUNSELLORS,

We're excited to connect with you and ensure you have information you need to support your students interested in UCalgary.

As counsellors, you play a crucial role helping students navigate their post-secondary planning. That's why we've put together this handy guide to make your job a little easier. Inside, you'll find details on upcoming events, admission criteria, important timelines, and other ways we can team up to support you and your students. If you need more resources or information, please reach out to us.

The University of Calgary is a place for students to **start something**. With your support, students are prepared to embark on transformative journeys. You're a valued member of our community, and we welcome your input and questions.

The University of Calgary, located in the heart of Southern Alberta, both acknowledges and pays tribute to the traditional territories of the peoples of Treaty 7, which include the Blackfoot Confederacy (comprised of the Siksika, the Piikani, and the Kainai First Nations), the Tsuut'ina First Nation, and the Stoney Nakoda (including Chiniki, Bearspaw, and Goodstoney First Nations). The City of Calgary is also home to the Métis Nation of Alberta (Districts 5 and 6).

Start something.

Success starts here — at Canada's most entrepreneurial university.

Students can experience a premier education at one of Canada's top research universities. Whichever of our 250+ program combinations they choose, we'll help them turn their next big idea into a reality.

At UCalgary, students can access a multitude of resources designed to ignite innovation, including state-of-the-art creative labs, startup launch programs and invaluable mentorship opportunities with local entrepreneurs.

UCalgary is where students can step into the spotlight, shape the future and find their voice in this transformative environment that will empower them to make it happen.

Meet Joanna

An entrepreneur on a mission

Studying sustainable tourism in Italy for a study abroad experience gave Joanna the idea to create an app based on digitally guided food tours.

Joanna combined her passions for urban studies, business and sustainability to customize a degree that helped her launch a business during her studies.

Using what she learned at UCalgary, she's helping locals engage in the slow food movement by becoming tourists in their own cities. The app provides diners with digitally guided dining experiences, where participants walk to each restaurant.

The mentorship, hands-on skills and connections she made at UCalgary turned her vision into a viable business. It gave her the tools she needed to develop the Taste the City App, market her product and land her first angel investor.

Calgary, Alberta

This is the place to find **big opportunities.**

Most patents per capita in Canada

Small businesses make up 95% of Calgary businesses

Highest average personal income in Canada and no provincial sales tax

Canada's highest concentration of high-tech workers

UCalgary at a glance

 Founded in 1966	 29,000+ undergraduate students	 Students from 141 countries	 \$545M in external research revenue
 Canada's entrepreneurial university	 #1 Canadian university for creating startups	 96.3% after-graduation employment rate	 95% undergraduate retention rate

Our vibrant community

Discover Calgary, one of Canada's most youthful and diverse cities. Here, there's an endless list of things to do. Students can explore world-class attractions like the National Music Centre, Calgary Tower and Central Library; or find an adrenaline rush at any of our thrilling hockey, football, soccer or basketball games.

A city of opportunity

Calgary is the innovation capital of Canada, a leader in many fields including aerospace, agribusiness, creative industries, energy, financial services, interactive digital media and life sciences. Students can get their start in a city famous for fresh ideas and new beginnings.

 Most livable city in North America and top 10 in the world	 6 major ski resorts within 3 hours	 Canada's sunniest major city	 Most volunteers per capita in Canada	 120+ languages spoken in Calgary

What's new?

First-Generation Scholars Program

Studies show that first-generation students may have lower post-secondary participation rates unrelated to talent. Barriers to accessing university can be cultural, academic, financial and informational.

The new First-Generation Scholars Program opens doors by providing financial support and wraparound services for students who are the first in their family to attend university.

Eligible students will receive \$2,500 towards their first year of tuition.

We offer the most inclusive first-in-family program in Canada to increase access to education across all communities. This is a holistic program designed to help from orientation to graduation and offers a robust suite of support services including mentorship, advising and networking opportunities.

Incoming first-generation students can apply for financial support to begin their studies in fall 2025. This program is specific to Canadian citizens, permanent residents, refugees, children or youth in care in Canada.

Bachelor of Science in Energy Science

Our new Bachelor of Science in Energy Science is an interdisciplinary program in the Faculty of Science that combines core courses in chemistry and physics with specialized training on energy generation, use and policy. If you have students passionate about building a sustainable energy future, and who want to help transform how we generate, store and administer energy — from conventional sources to renewables and beyond — then this is the degree for them!

With engaging, award-winning courses focused specifically on Energy Science, UCalgary is an international leader in this field.

The program provides flexibility for students to specialize in a focus area and concludes with a hands-on internship or capstone project. This degree is an ideal pathway for careers in science, policy, law, communications or research related to traditional and emerging energy areas.

SCHOOL OF ARCHITECTURE, PLANNING AND LANDSCAPE

We offer the first undergraduate degree in Western Canada that combines design thinking with a focus on innovative change in the physical and social infrastructure of cities. The unique curriculum integrates studio-based learning, real-world projects, and courses that address climate change, sustainability, global citizenship, entrepreneurship and data science to prepare students to shape our future cities.

Bachelor of Design in City Innovation

Design in City Innovation

SAPL students tackle real-world problems by collaborating on industry-based design studio projects.

FACULTY OF ARTS

Develop critical-thinking skills to navigate today's intricate events and circumstances, leverage immersive co-op placements in various programs, or apply for admission to the Arts and Science Honours Academy. The Faculty of Arts offers an opportunity to take exclusive courses with a close-knit cohort experience. Students pursuing dance, drama, music and visual studies will receive a world-class education at the School of Creative and Performing Arts.

Bachelor of Arts

- Anthropology ^{1,2}

Footnotes

- 1** Co-operative education, practicum and/or internship option available
- 2** Honours program offered in upper years
- 3** Offered as partnerships program
- 4** Must meet entrance requirements for combined degree program
- 5** Combined education program requires that students complete two degrees concurrently

SCHULICH SCHOOL OF ENGINEERING

Located in Canada's engineering capital, the Schulich School of Engineering is where bold ideas are realized. Hands-on learning, cutting-edge Makerspaces and a paid work-integrated learning requirement prepares our engineering graduates to be the changemakers of tomorrow.

Bachelor of Science in Engineering

- Biomedical Engineering ⁶
- Chemical Engineering ⁶
- Civil Engineering ⁶
- Electrical Engineering ⁶
- Engineering Physics ⁶
- Geomatics Engineering ⁶
- Mechanical Engineering ⁶
- Oil and Gas Engineering ⁶
- Software Engineering ⁶
- Sustainable Systems Engineering ⁶

★ *Engineering students who successfully complete their first-year courses are guaranteed placement in the program of their choice.*

Concrete toboggan race where teams design and compete is an extracurricular option in the Schulich School of Engineering.

FACULTY OF KINESIOLOGY

Become a part of the premier sport-science school in North America, where you can actively participate in sports while honing your leadership skills. Delve into scientific subjects such as anatomy and biomechanics, and thrive in practicums with prestigious organizations like the UCalgary Dinos or with Olympians training at the world-class Olympic Oval.

Bachelor of Kinesiology

- Kinesiology ^{1,2}
- Leadership and Coaching ^{1,2}
- Motor and Psychosocial Aspects of Movement ^{1,2}

Bachelor of Science

- Biomechanics ^{1,2}
- Exercise and Health Physiology ^{1,2}
- Kinesiology ^{1,2}
- Motor and Psychosocial Aspects of Movement ^{1,2}

The Human Performance Laboratory in the Faculty of Kinesiology is home to world-leading research in sports product design.

CUMMING SCHOOL OF MEDICINE

A distinguished medical faculty boasting seven research institutes and more than 2,500 current students. Our diverse program offerings provide a solid foundation for students' future professional journeys whether their career aspirations lie in health research, advancing knowledge in areas like cancer and infectious diseases, or improving health outcomes in marginalized communities.

Bachelor of Community Rehabilitation

- Community Rehabilitation ¹

Bachelor of Health Sciences (honours only)

- Bioinformatics
- Biomedical Sciences
- Health and Society

Students in the Bachelor of Health Sciences program complete a year-long independent research project under the supervision of a faculty member.

FACULTY OF NURSING

Experience our integrated nursing program that revolves around student growth and development. Our unique curriculum seamlessly blends theory courses with cutting-edge nursing simulations and practicum placements. The condensed format prepares you for practice sooner, allowing for a faster start to a career with unlimited possibilities.

Bachelor of Science in Nursing

- Nursing ¹

State-of-the-art simulation labs and manikins provide real-world training scenarios in the Faculty of Nursing.

FACULTY OF SCIENCE

Harness the power of science to solve the world's biggest challenges and open doors to an amazing career! Whether you're working on quantum information and computing, studying auroras on one of Canada's largest telescopes or examining European green crabs at the Bamfield Marine Sciences Centre, you have endless opportunities to explore.

Bachelor of Science

- Actuarial Science ^{1,2}
- Astrophysics ^{1,2}
- Biochemistry ^{1,2}
- Biological Sciences ^{1,2}

Recommend our **Choose UCalgary** podcast to your students for tips, advice and an insider's perspective of life at UCalgary.

Helping your students become Dinos

1

Encourage them to **explore** UCalgary

Choose a program

Studying at UCalgary will give your students access to expert researchers and faculty members, state-of-the-art laboratories and classroom technology, and exceptional teaching and learning resources.

UCalgary offers 250 high-quality program combinations for students to choose from. Students can view our programs online and identify their top two program choices.

ucalgary.ca/future-students/undergraduate/explore-programs

2

Check program requirements

Required courses

Each program has five courses required for admission. Students can see which courses are required for each program in the tables on the following pages.

How is your student's average calculated?

The admission average is calculated using the five required courses.

For high school students, an early admission average will be calculated with Grade 11 or junior-level required courses (or equivalent). If Grade 12 or senior-level courses (or equivalent) are completed, they'll be used to calculate the average. This includes predicted results for students in a year-long curriculum.

3

Submit application

Apply early!

Applications open **Aug. 15, 2024** for international applicants and **Oct. 1, 2024** for Canadian applicants. Students apply online and pay the \$125 application fee (\$145 for students with international credentials).

When students apply, be sure they rank their program choices with their most-desired program as their first choice. If they receive an offer to their first-choice program, this is the only offer they'll receive.

Students can apply or change program choice(s) until **March 1, 2025**.

[CLICK HERE](#)

Looking for more help? Encourage students to book a one-on-one appointment with their dedicated recruitment advisor today!

ucalgary.ca/recruiters

Alberta curriculum requirements

Use this table to check the admission requirements for each program. If a Canadian student is from a province or territory other than Alberta, they can view a list of equivalent courses on pages 18 and 19.

Encourage students to apply early!

Applications are submitted online at ucalgary.ca/future-students/undergraduate/apply

Important notes

- Two courses in the same subject area may not be presented to satisfy entrance requirements unless the courses are Mathematics 30-1, Mathematics 30-2, Mathematics 31 or equivalent
- Estimated competitive admission averages are subject to change
- Only one senior-level course of the same language may be used to satisfy admission requirements
- A maximum of one Fine Arts course may be used for admission

Approved Alberta high school courses

- Aboriginal Studies 30
 - Biology 30
 - Chemistry 30
 - CTS Computing Science 30 level (5 credits)
 - English Language Arts 30-1
 - Mathematics 30-1
 - Mathematics 30-2
 - Mathematics 31
 - Physical Education 30
 - Physics 30
 - Science 30
 - Social Studies 30-1
 - Fine Arts course: Art 30 or 31, Choral Music 30, General Music 30, Instrumental Music 30, Drama 30, Dance 35 (5 credits)
 - Language other than English 30
- Students can present an approved IB or AP course to meet a course requirement.

Approved options

Students can view the full list of approved options on our website:

[CLICK HERE](https://ucalgary.ca/future-students/undergraduate/approved-options)

ucalgary.ca/future-students/undergraduate/approved-options

English language requirements

There are three ways to meet our English language entrance requirements:

1. High school studies

Three years of study in an ELP-exempt country, or at an accredited high school (Canadian, American, British or CIS school) where English is the primary language of instruction. Your final English course must also be equivalent to Alberta's senior level (Grade 12) English.

2. English language test scores

Present the minimum required score from an accepted test:

Duolingo—120
IELTS (academic)—6.5
TOEFL (internet-based)—86

Nursing and education require higher scores.

Learn more online, including what other tests are accepted.

[CLICK HERE](https://ucalgary.ca/future-students/elp)

ucalgary.ca/future-students/elp

3. Academic Communication Certificate (ACC)

Complete the ACC, the UCalgary English pathway program. If you are registered in the ACC, you may be eligible for conditional admission to a degree program. The ACC will take from 4 to 11 months to complete, depending on your English level and is eligible for 6 units of transfer credit.

Connect with our ACC Specialist at: acc.recruiter@ucalgary.ca

 Students studying a different curriculum can use our [admissions requirements tool](https://ucalgary.ca/future-students/undergraduate/requirements) to see the courses they need for their program of choice.

[CLICK HERE](https://ucalgary.ca/future-students/undergraduate/requirements)

ucalgary.ca/future-students/undergraduate/requirements

Provincial equivalents

Have a student from outside Alberta? This table shows which courses from each province and territory are equivalent to the Alberta Grade 12 high school courses listed in our admission requirements (pages 15–17).

Get the essentials in 10 minutes

UCalgary offers a 10-minute video that summarizes crucial information for prospective Canadian and Indigenous applicants. Watch it for yourself or share it with your students on the **Choose UCalgary** YouTube channel.

Additional pathways to admission

Equitable and Inclusive Admission Process

We welcome and support applications from students from communities that experience social barriers, marginalization and systematic discrimination. This process acknowledges that students have diverse identities, backgrounds and experiences and considers factors that may have impacted a student's access.

To be eligible, applicants must meet these criteria:

Learn more about the Equitable and Inclusive Admission Process

[CLICK HERE](#)

ualgary.ca/future-students/undergraduate/equitable-inclusive

Indigenous Admissions

There are dedicated admission pathways for Indigenous learners. To be automatically considered for all pathways, ensure that students self-identify as Indigenous when they submit their initial application.

You can find lots of great additional information for Indigenous students on our website

[CLICK HERE](#)

ualgary.ca/future-students/undergraduate/indigenous

Undergraduate Entrance Programs

UCalgary University Entrance Programs (UEP) are a starting point for students who plan to pursue an undergraduate degree.

UEP students complete courses in Open Studies and then apply to the undergraduate degree program(s) of their choice. UEP students are eligible for the Undergraduate Admission Guarantee.

There are two UEPs available: UEP Arts and UEP Science

Note: Students who have completed 12 or more post-secondary academic units (4 courses) will be considered as a transfer applicant for admission

Tuition & fees

An education from one of **Canada's top research universities** is a valuable investment. UCalgary's tuition and fees compare favourably to other highly ranked universities.

Estimated costs for first-year students

Domestic tuition

Canadian citizen, permanent resident or refugee

\$7,100 - \$9,104

or

International tuition

\$28,460 - \$37,244

+

General fees, books and supplies

\$1,900 - \$2,400

+

Residence and meal plan expenses

\$8,675 - \$15,914

Estimated costs are for an 8-month period (September to April) and are based on an expected first-year course load (10 courses) and a typical student's experience in residence. Fees are based on the 2024-25 academic year. Tuition fees are reviewed regularly by the Board of Governors, in consultation with students. You can find all the most up-to-date tuition and fee amounts at: calendar.ucalgary.ca/uofcregs/tuitionandfeesoverview/tuitionandfees

Financial awards

\$20M+

Scholarships, bursaries and awards available annually

\$20,000 - \$100,000

Value of prestige awards

740

Number of awards distributed to incoming students in the 2024 intake

OUR STUDENT FEES PROVIDE **GREAT BENEFITS.**

Do you have a student who needs help planning their expenses? Try our online **Cost Estimator Tool.**

[CLICK HERE](#)

ucalgary.ca/cost-estimator

★ Payment plan option

We want to make it as easy as possible for our students to pay their tuition and fees. That's why UCalgary students have the option to self-enrol in a payment plan that allows them to pay in instalments over the term, rather than all at once.

[CLICK HERE](#)

ucalgary.ca/registrar/finances/tuition-and-fees/payment-plan

Types of awards

	Automatic awards	High school entrance awards	Prestige awards
Value	\$5,000	\$500 - \$10,000	Up to \$25,000 per year
Application required	✘	✓	✓
Deadline	n/a	March 1, 2025	Dec. 1, 2024
Time to apply	n/a	15 minutes	A few hours (essay questions)
Notification period	Issued at the time of offer of admission	May 1, 2025	March 1- May 1, 2025
Examples of specific awards	\$5,000 President's Admission Scholarship for students with an admission average of 95% or higher.	\$7,000 Building on the Vision Scholarship, for a student who contributed to their school and community.	\$25,000 Kennedy Scholars Academic Excellence Scholarship, renewable for four years. Awarded to students admitted to BSc Computer Science.

WHEN AND HOW TO APPLY

Students can apply for awards as soon as they've submitted their application for admission. Students don't need to wait to be accepted to apply.

View the *step-by-step instructions on our awards web page.*
