

UNIVERSITY OF  
CALGARY

# Viewbook

for fall 2025 transfer applicants

The University of Calgary, located in the heart of Southern Alberta, both acknowledges and pays tribute to the traditional territories of the peoples of Treaty 7, which include the Blackfoot Confederacy (comprised of the Siksika, the Piikani, and the Kainai First Nations), the Tsuut'ina First Nation, and the Stoney Nakoda (including Chiniki, Bearspaw, and Goodstoney First Nations). The City of Calgary is also home to the Métis Nation of Alberta (Districts 5 and 6).

# Start something.

## Success starts here — at Canada's most entrepreneurial university.

Students can experience a premier education at one of Canada's top research universities. Whichever of our 250+ program combinations they choose, we'll help them turn their next big idea into a reality.

At UCalgary, students can access a multitude of resources designed to ignite innovation, including state-of-the-art creative labs, startup launch programs and invaluable mentorship opportunities with local entrepreneurs.

UCalgary is where students can step into the spotlight, shape the future and find their voice in this transformative environment that will empower them to make it happen.

# World-changing research

Diana won a prestigious scholarship for Civil Engineering for her work with Canadian Technical Asphalt.

Our scholars are committed to making a positive impact in our communities. As **one of Canada's top research universities**, UCalgary provides more opportunities for students to participate in groundbreaking research, whether it's delving into the mysteries of the quantum world or addressing food insecurity.

Over half a billion dollars in research revenue has been channelled into developing impactful, real-world solutions. Thanks to our rich innovation ecosystem and research partners, we've been recognized as the number one startup creator among research institutions for the second year in a row.

UCalgary scholars are excelling in the fields of:

- ENERGY FOR THE COMMON GOOD
- NEW EARTH-SPACE TECHNOLOGIES
- INFECTIONS, INFLAMMATION AND CHRONIC DISEASES
- BRAIN AND MENTAL HEALTH
- HUMAN DYNAMICS IN A CHANGING WORLD
- CHILD HEALTH AND WELLNESS
- ENGINEERING SOLUTIONS FOR HEALTH: BIOMEDICAL ENGINEERING
- ONE HEALTH

\$1,616,230 in PURE Awards distributed for students

Make an impact through summer research: Awards up to \$7,500 available to undergrads in all faculties

2,200+ invention disclosures over the past three decades, which have yielded 901 patents, 549 revenue-bearing agreements and 92 UCalgary-generated start-up companies

## Meet Joanna

An entrepreneur on a mission

Studying sustainable tourism in Italy for a study abroad experience gave Joanna the idea to create an app based on digitally guided food tours.

Joanna combined her passions for urban studies, business and sustainability to customize a degree that helped her launch a business during her studies.

Using what she learned at UCalgary, she's helping locals engage in the slow food movement by becoming tourists in their own cities. The app provides diners with digitally guided dining experiences, where participants walk to each restaurant.

The mentorship, hands-on skills and connections she made at UCalgary turned her vision into a viable business. It gave her the tools she needed to develop the Taste the City App, market her product and land her first angel investor.

# Live your best university life

Looking for your next **big opportunity?**  
This is the place to find it.

Most patents per capita in Canada

Small businesses make up 95% of Calgary businesses

Highest average personal income in Canada and no provincial sales tax

Canada's highest concentration of high-tech workers

Explore our city with the most extensive outdoor pathway and bikeway networks in North America.

WinSport and Canada Olympic Park are only 10 minutes away from UCalgary. It is home to Calgary's own inner-city ski hill and hosted the historic 1988 Olympic Winter Games. This is a must-see location during both the winter and summer months.

## Your vibrant community

Discover Calgary, one of Canada's most youthful and diverse cities. Here, there's an endless list of things to do. Explore world-class attractions like the National Music Centre, Calgary Tower and Central Library, or find an adrenaline rush at any of our thrilling hockey, football, soccer or basketball games.

## Your city of opportunity

Calgary is the innovation capital of Canada, a leader in many fields including aerospace, agribusiness, creative industries, energy, financial services, interactive digital media and life sciences. Get your start in a city famous for fresh ideas and new beginnings.

Most livable city in North America and top 5 in the world

6 major ski resorts within 3 hours

Canada's sunniest major city

Most volunteers per capita in Canada

120+ languages spoken in Calgary

# Explore your university

Live and study in a park-like setting — a hub of social, cultural and academic life. Day or night, there's always something new to discover. With transit connecting the university to the rest of Calgary, it's easy to explore the city, too. The university's light rail transit (LRT) station is just minutes away from downtown Calgary.

Globally recognized for our sustainability strategy

Various multi-faith spaces across campus

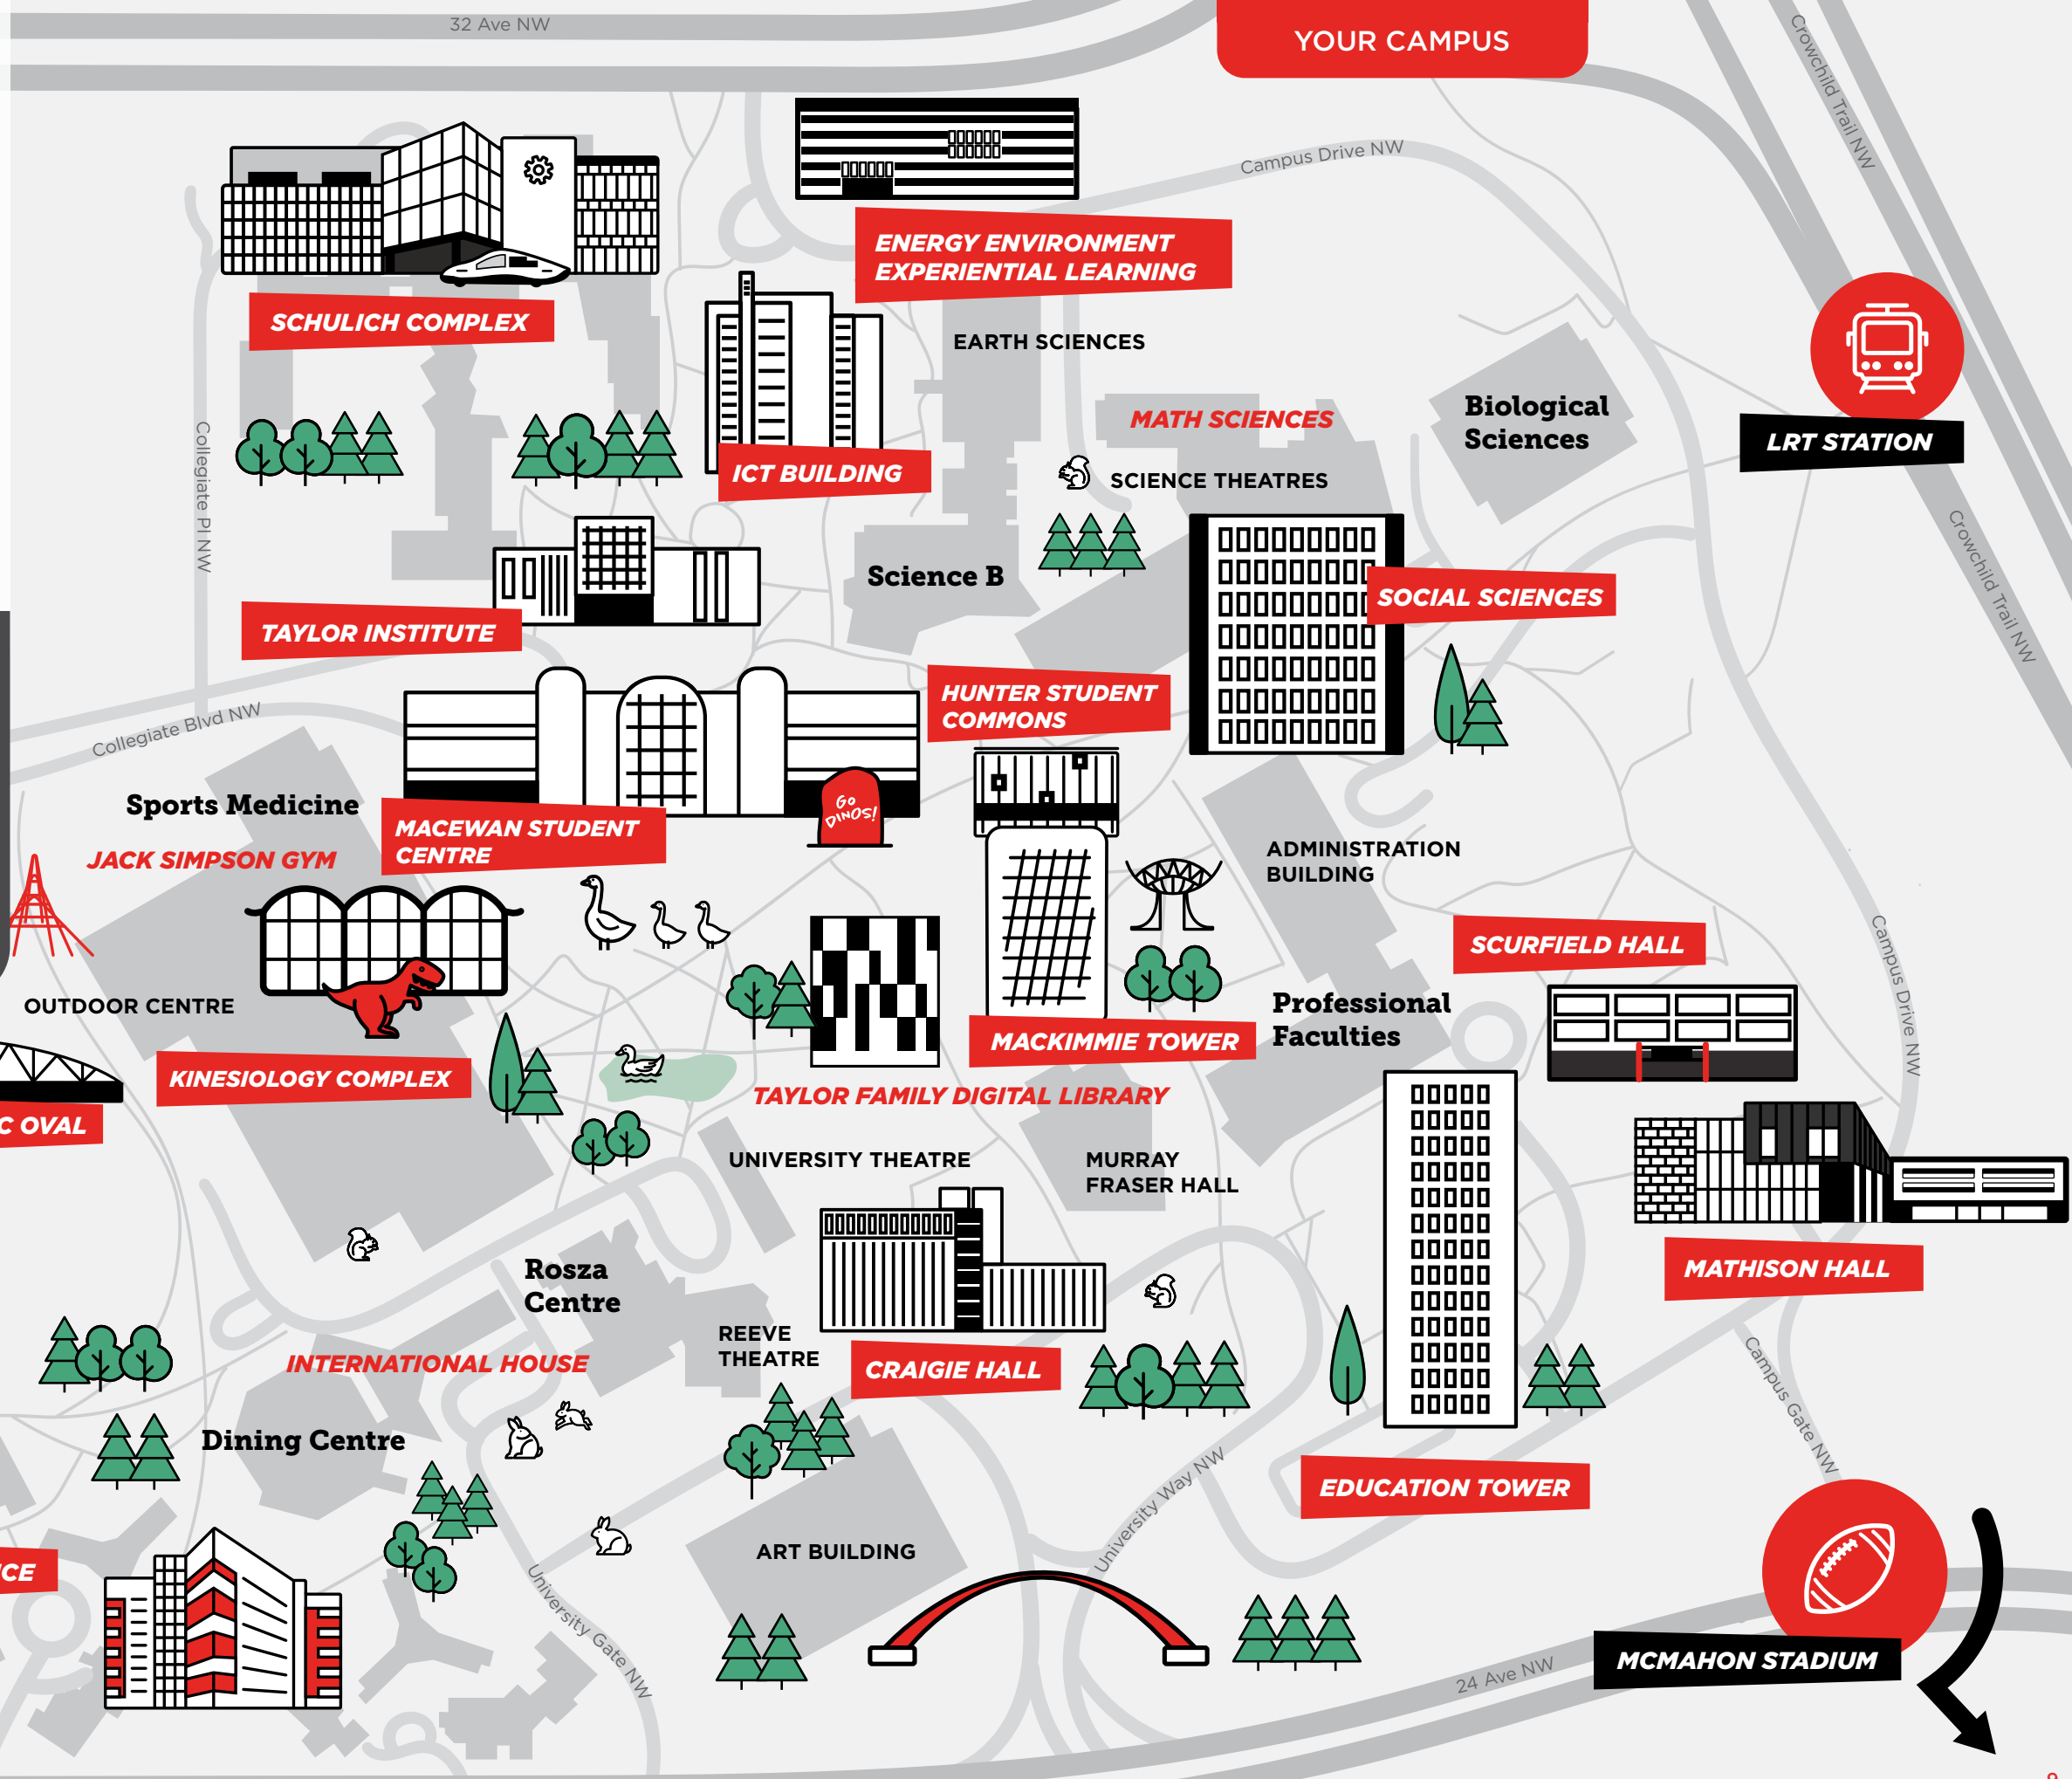

Multiple convenient parking options available

Walkable campus, with heated building connections for winter

20 minutes by transit to Downtown Calgary and a 5 minute walk to University District

## Exceptional facilities

**Hunter Student Commons** | A student-focused space designed to foster collaboration, creativity and innovation. In addition to services for current students, the cutting-edge facility is also home to the Prospective Student Hub.

**Hunter Hub for Entrepreneurial Thinking** | A space to help students develop entrepreneurial thinking and to connect startups with investors and industry leaders.

## Student experience

**Lab Next Makerspace** | Features technology to design your own projects such as 3D printers and scanners, milling machines, and a virtual reality simulator.

**Olympic Oval** | Built for the 1988 Olympic Winter Games and featuring the world's fastest ice, this is a great place to skate with friends or watch international speed skating.

Play on one of our **50+ intramural sports teams**.

Get all the adventure gear you need at the **Outdoor Centre**, the largest centre of its kind in North America.

Join one of **300+ student clubs**.

Attend **dance, drama and music events** on campus. Free tickets are available through our Claim Your Seat program!

Cheer on your **Dinos** at the many games held throughout the year.

**MacEwan Student Centre & MacEwan Hall** | The social hub of campus, with 20+ food outlets and one of Calgary's premier concert venues.

**EEEL Building** | The Energy, Environment and Experiential Learning building offers labs and workspaces primarily for science and engineering students that foster collaboration across faculties.

**Mathison Hall** | One of the most advanced business school spaces in Canada, this state-of-the-art facility boasts modern classrooms and collaborative workspaces.

Celebrate the end of the year with free food, carnival games and other activities at the **UCalgaryStrong Festival**.

Connect with **UFlourish** for events and activities promoting mental health and resilience in the campus community.

Join fun events like **Stress Less Week**, featuring activities such as **Pet Visitation Therapy**, brought to you by the UCalgary Students' Union.

# Make yourself at home

Join 3,000 students from across Canada and more than 75 countries.

Apply for residence starting **Nov. 1**. For the best chance to live on campus, apply by **Feb. 1**.

### Choose convenience

Find everything you need within reach. You'll only be minutes away from your classes, study spots, student supports and services, the Fitness Centre, and more.

### Immerse yourself

Living on campus makes it easy to meet new friends, get involved in student activities, and access leadership, academic and wellness resources.

### Select your roommate

You can choose your roommate through a matching service, or request to live with a friend. Gender-neutral wings are available.

Move-in day at UCalgary is one of the most exciting days of the year, and our friendly student volunteers will be there to help you settle into your new home.

- Employment and leadership opportunities
- Wellness and academic support
- Short walk to classes, libraries, labs and activities
- Residence events, activities and themed dinners
- Fully furnished units (including internet, utilities and more)
- Dedicated academic communities
- Safewalk available 24/7

Cascade Hall is one of 14 upper year residence halls. Rooms can vary from single to 4 bedroom suites

### Eat what you want when you want

The Landing offers 5-day and 7-day unlimited-entry All You Care to Eat meal plans with self-serve and cooked-to-order options available, including gluten-free, vegan, vegetarian and halal.

Food labelling and one-on-one consultations are available with a staff dietitian and the executive chef.

The Landing, where a variety of delicious food options are available daily.

### Residence Rates

Residence offers 14 different room types and rates for upper years. This will allow you to find the accommodation that fits you and your budget. Residence rates range from \$7,055 to \$10,420 for the academic term (September to April).

### Meal plan costs

7-day or 5-day All You Care to Eat meal plans are available for all residence students. Swipe plans can also be a great option for students who live off-campus.

7-day All You Care to Eat plan	\$5,646
5-day All You Care to Eat plan (Mon. - Fri.)	\$4,542
250 Swipes	\$3,224 + GST
120 Swipes	\$1,693 + GST

**Note:** Fees are per student for an eight-month period (September to April) and based on the 2024-25 academic year.

# Go beyond the classroom

Your education is so much more than a degree. Choose a university that provides invaluable experience in your field and meaningful research opportunities.

More than a quarter of UCalgary students seize the opportunity to enhance their studies and future careers through co-ops, practicums, internships, research and field experience with leading companies such as Amazon, Garmin, Suncor and BMW. Our faculties provide dynamic and transformative education while bridging the gap between academic studies and the professional world.

## Work-integrated learning (WIL) opportunities

<b>Co-ops</b>	Optional	Paid	4 to 16 months (full time)	Available for Arts, Commerce, Engineering* and Science
<b>Internships</b>	Optional	Paid	12 to 16 months (full time)	Available for Science and Engineering*
<b>Practicums</b>	Required for some programs	Paid or unpaid	Varied durations, integrated with the program	Available for Community Rehabilitation, Education, Engineering*, Kinesiology, Nursing and Social Work
<b>Research, clinical and field experience or community engagement</b>	Required for some programs	Paid or unpaid	Varied	Available for Engineering*, Health Sciences and Social Work

\*Engineering students are required to complete a work-integrated learning option

UNIV 304 is a unique work-integrated learning (WIL) course that you can take while working at any job or volunteer position. Over the course of the semester, you will connect your work experience to your studies and develop professional skills in communication, problem-solving, and teamwork, while developing goals for your career development.

*"One of the reasons I applied for UCalgary was the internship program. Right now I'm at ATCO, working in their Ashcor division. I help engineers with ash recovery operations. It's a great opportunity to gain experience and increases your chances to find a good job when you graduate."*

ISIK, about his internship with ATCO as part of the Schulich School of Engineering

# UCalgary transfer admission

Studying at UCalgary will give you access to expert researchers and faculty members, state-of-the-art laboratories and classroom technology, and exceptional teaching and learning resources. The following steps will help you understand how you will be assessed for admission as a transfer applicant.

## 1 Transfer student

Once you have attended a post-secondary institution, you will follow transfer student timelines (see page 30).

Students are evaluated as a transfer student when they have completed 12 units (4 courses) or more of academic post-secondary course work.

## Apply early!

Applications open Oct. 1, 2024. Apply online and pay the \$125 application fee for students with Canadian credentials, or \$145 for students with international credentials.

When you apply, be sure to rank your program choices with your most desired program as your first choice. If you receive an offer to your first choice program, this is the only offer you will receive.

You can apply or change your program choice(s) until March 1, 2025.

## 2 Required courses

Some programs require applicants to complete, or be in the process of completing, specific course requirements at the high school and/or post-secondary level.

You can see which courses are required for each program in the tables on the following pages (see pages 24-27).

## 3 Your admission GPA

Transfer admission GPA is calculated on the most recent academic coursework to a maximum of 30 units, unless otherwise specified in the following pages. All courses attempted within a term will be included except where the number of units taken within a term results in the overall number of units exceeding 30. Should this occur, the highest grades from the oldest term being considered will be used to calculate the GPA.

Grades for high school courses will not be used in the transfer admission GPA.

- Mechanical Engineering <sup>5</sup>
- Oil and Gas Engineering <sup>5</sup>
- Software Engineering <sup>5</sup>
- Sustainable Systems Engineering <sup>5</sup>

★ *Engineering students who successfully complete their first-year courses are guaranteed placement in the program of their choice.*

Concrete toboggan race where teams design and compete is an extracurricular option in the Schulich School of Engineering.

## FACULTY OF KINESIOLOGY

Become a part of the premier sport-science school in North America, where you can actively participate in sports while honing your leadership skills. Delve into scientific subjects such as anatomy and biomechanics, and thrive in practicums with prestigious organizations like the UCalgary Dinos or with Olympians training at the world-class Olympic Oval.

### Bachelor of Kinesiology

- Kinesiology <sup>1,2</sup>
- Leadership and Coaching <sup>1,2</sup>
- Motor and Psychosocial Aspects of Movement <sup>1,2</sup>

### Bachelor of Science

- Biomechanics <sup>1,2</sup>
- Exercise and Health Physiology <sup>1,2</sup>
- Kinesiology <sup>1,2</sup>
- Motor and Psychosocial Aspects of Movement <sup>1,2</sup>

The Human Performance Laboratory in the Faculty of Kinesiology is home to world-leading research in sports product design.

## CUMMING SCHOOL OF MEDICINE

Enrol in a distinguished medical school boasting seven research institutes and a student body of more than 2,500. Whether your career aspirations lie in health research, advancing knowledge in areas like cancer and infectious diseases, or improving health outcomes in marginalized communities, our diverse program offerings provide a solid foundation for your future professional journey.

### Bachelor of Community Rehabilitation

- Community Rehabilitation <sup>1</sup>

### Bachelor of Health Sciences (honours only)

- Bioinformatics
- Biomedical Sciences
- Health and Society

Students in the Bachelor of Health Sciences program complete a year-long independent research project under the supervision of a faculty member.

## FACULTY OF SCIENCE

Harness the power of science to solve the world's biggest challenges and open doors to an amazing career! Whether you're working on quantum information and computing, studying auroras on one of Canada's largest telescopes or examining European green crabs at the Bamfield Marine Sciences Centre, you have endless opportunities to explore.

### Bachelor of Science

- Actuarial Science <sup>1,2</sup>
- Astrophysics <sup>1,2</sup>
- Biochemistry <sup>1,2</sup>
- Biological Sciences <sup>1,2</sup>
- Cellular, Molecular and Microbial Biology <sup>1,2</sup>
- Chemistry <sup>1,2</sup>
- Computer Science <sup>1,2</sup>
- Data Science <sup>1</sup>
- Energy Science <sup>1</sup>
- Environmental Science <sup>1,2</sup>
- Geology <sup>1,2</sup>
- Geophysics <sup>1,2</sup>
- Mathematics <sup>1,2</sup>
- Natural Sciences <sup>1,2</sup>
- Neuroscience (honours only)
- Physics <sup>1,2</sup>
- Plant Biology <sup>1,2</sup>
- Statistics <sup>1,2</sup>
- Zoology <sup>1,2</sup>

Immerse yourself in Faculty of Science field courses, the most exciting and intensive learning activities offered by the faculty.

## FACULTY OF SOCIAL WORK

Join one of the world's fastest growing professions. Your nationally accredited, flexible social work degree will prepare you to work in an amazing variety of places - from health-care, to community builder - in Canada or around the world. Our profession is focused on social justice. It could be the satisfying career you're looking for.

### Bachelor of Social Work

- Social Work <sup>1,4</sup>

UCalgary Recovery Community has a new substance-free space for drop-ins and events. Social Work professor Victoria Burns works with the Campus Mental Health Strategy's Substance Use and Harm Reduction Subcommittee.

## FACULTY OF NURSING

Experience our integrated nursing program that revolves around student growth and development. Our unique curriculum seamlessly blends theory courses with cutting-edge nursing simulations and practicum placements. The condensed format prepares you for practice sooner, allowing for a faster start to a career with unlimited possibilities.

### Bachelor of Science in Nursing

- Nursing <sup>1</sup>

State-of-the-art simulation labs and manikins provide real-world training scenarios in the Faculty of Nursing.

### Programs requiring previous post-secondary study

Law

Medical Doctor (*Canadian citizen, permanent resident or refugee*)

Veterinary Medicine (*Canadian citizens, permanent residents or refugees. Must also be a resident of Alberta*)

Graduate Studies

*UCalgary boasts a number of world-class graduate programs to further specialize after completing your initial undergraduate degree. Learn more at: [grad.ucalgary.ca](http://grad.ucalgary.ca)*

### Footnotes

# Additional admission information

## Transfer Credit

Transfer credits allow students to use previous studies from another post-secondary institution toward their UCalgary degree program. Students can receive transfer credit for up to 20 courses (60 units).

When you transfer to an undergraduate program at UCalgary, you will automatically receive transfer credit as indicated in our transfer credit search tool. In addition, courses taken at an accredited university in Canada or the United States that are not included in the Transfer Credit Search Tool will automatically be granted generic credit. Being granted transfer credit does not guarantee the credit will be applied toward your degree program.

If a course is not available in the Transfer Credit Search Tool and is required for admission, you will be required to upload course outlines as part of the admission process.

Course outlines should include the following information:

- Institution, faculty, department or school name and contact information
- Detailed list of topics covered
- List of textbooks used
- Grading/assessment practices
- Number of weeks of attendance (excluding examination period)
- Number of lecture, laboratory and tutorial hours per week

Get additional information about transfer credits at UCalgary and access the search tool

## English language requirements

There are three ways to meet our English language entrance requirements:

### 1. Previous studies

Three years of high school study or two years of formal, full-time study in English at an accredited or recognized post-secondary institution in Canada or approved ELP-exempt country.

### 2. English language test scores

Present the minimum required score from an accepted test:

Duolingo—120
IELTS (academic)—6.5
TOEFL (internet-based)—86

*Nursing and education require higher scores.*

Learn more online, including what other tests are accepted.

[CLICK HERE](#)

[ucalgary.ca/pubs/calendar/current/a-12](https://ucalgary.ca/pubs/calendar/current/a-12)

### 3. Academic Communication Certificate (ACC)

The ACC is the UCalgary English pathway program. If you are registered in the ACC you may be eligible for conditional admission to a degree program. The ACC will take from 4 to 11 months to complete depending on your English level and is eligible for 6 units of transfer credit.

Learn more at: [esl.ucalgary.ca/programs/academic-communication-certificate](https://esl.ucalgary.ca/programs/academic-communication-certificate)

## Indigenous Admission Pathways

There are dedicated admission pathways for Indigenous learners. To be considered for all pathways, self-identify as Indigenous when you complete your initial application. Our Indigenous Student Recruitment Team is here to support.

Connect with us at [indigenous.recruiter@ucalgary.ca](mailto:indigenous.recruiter@ucalgary.ca)

You can find lots of great additional information for Indigenous students on our website.

[CLICK HERE](#)

[ucalgary.ca/future-students/undergraduate/indigenous](https://ucalgary.ca/future-students/undergraduate/indigenous)

## Equitable and Inclusive Admission Process

We welcome and support applications from students from communities that experience social barriers, marginalization and systemic discrimination. This process acknowledges that students have diverse identities, backgrounds, and experiences, and considers factors that may have impacted a student's access.

To be eligible, you must meet these criteria:

Learn more about the Equitable and Inclusive Admission Process.

# Tuition & fees

An education from one of Canada's top research universities is a valuable investment. UCalgary's tuition and fees compare favourably to other highly ranked universities.

## Estimated costs for your first year

<b>Domestic tuition</b> <i>Canadian citizen, permanent resident or refugee</i>	<b>International tuition</b>	<b>General fees, books and supplies</b>	<b>Residence and meal plan expenses</b>
\$7,100 - \$9,104	\$28,460 - \$37,244	\$1,900 - \$2,400	\$8,748 - \$16,066

*Estimated costs are for an 8-month period (September to April) and are based on an expected first-year course load (10 courses) and a typical student's experience in residence. Fees are based on the 2024-25 academic year. Tuition fees are reviewed regularly by the Board of Governors, in consultation with students. You can find all the most up-to-date tuition and fee amounts at: [calendar.ucalgary.ca/uofcregs/tuitionandfeesoverview/tuitionandfees](https://calendar.ucalgary.ca/uofcregs/tuitionandfeesoverview/tuitionandfees)*

YOUR STUDENT FEES ALSO INCLUDE THESE GREAT BENEFITS.

Need help planning your expenses? Try our online **Cost Estimator Tool**.

[ucalgary.ca/cost-estimator](https://ucalgary.ca/cost-estimator)

### ★ Payment plan option

We want to make it as easy as possible for our students to pay their tuition and fees. That's why UCalgary students have the option to self-enrol in a payment plan that allows them to pay in instalments over the term, rather than all at once.

[ucalgary.ca/registrar/finances/tuition-and-fees/payment-plan](https://ucalgary.ca/registrar/finances/tuition-and-fees/payment-plan)
